## Madrid System Success Story: M'Simbi – Spreading Self-Love Globally, One Doll at a Time

July 25, 2023

We have just released a new success story highlighting how the [Madrid System](#) supports innovative entrepreneurs who want their brand to make a difference even beyond their national borders.

What do you do when society tricks you into believing you do not fit in? You carve your own path and you make your voice heard! This is exactly what Maingalla Moono – former biostatistician and now full-time entrepreneur from Zambia – did when she realized that her daughter did not feel like she complied with traditional beauty standards.

In 2022, the [Zambian Association of Manufacturers](#) assigned Maingalla the Game Changers Award, as an acknowledgement of her innovative ideas, her sense of leadership and her positive impact on the manufacturing industry. (Photo: MacLean's Photography)

Her little girl motivated Maingalla to find a way to manufacture Black dolls, and to set up her own business - M'Simbi- whose mission is to teach young girls to be proud of their cultural identity and aware of their own unique beauty.

M'Simbi products now range from dolls to backpacks, and from clothes to hair accessories, and are exported to the United Kingdom and the United States of America.

International trademark protection in those countries through the Madrid System is what truly allowed M'Simbi to take off, opening up doors to major international e-commerce platforms.

"I would definitely encourage local entrepreneurs to apply for trademark protection both locally and internationally. When [PACRA \(Patents and Companies Registration Agency in Zambia\)](#) told us that you can register your trademark in many countries at once with the Madrid System, it really intrigued us."

— Maingalla Moono

September 26, 2023

Entrepreneur Sonia Feki's brand "[HABIBA Jewellery](#)" – created as a tribute to her mother – was quick to win the hearts of women across Tunisia. From there, demand grew in other African countries.

Find out all about Sonia's journey to success, and how the [Madrid System](#) is helping her not just to expand her horizons but also to face the future with confidence.

### Sonia's secret to success?

"When I founded HABIBA Jewellery, I projected myself 15 years into the future. Protecting my trademark – first nationally and then internationally – was one of my top priorities."

— Sonia Feki, HABIBA Jewellery
