1. Identification page

Please enter the ST.3 code and name of the member state or international organization you represent.

NZ - New Zealand

Please enter the name of the office or organization you represent. For instance, Canadian Intellectual Property Office. If your organization name is the same as your ST.3 code name, you may put "n/a".

Intellectual Property Office of New Zealand

Please enter your email address so we can contact you if we have questions about your response.

2. Questions page

1. In what formats does your Office/Organization ingest applications? Please select all that apply.

Other (specify): Online forms and API (SOAP)
Comments: Supporting documents such as: - patent specification or plant variety technical questionnaire are ingested as PDF - trade mark and design images in limited image formats - national geographical indications definition as geospatial file

2. How does your Office/Organization capture markups (insertions, deletions) in amendments, corrections, and rectifications? Please select all that apply.

Applicant submits amendments with track changes to show insertions and deletions
Other (specify): online forms
Comments: Track changes amendments only relate to patent specifications, other amendments and corrections are made via online forms where amendments to the application can be proposed which are usually shown as before and after history.

3. Does your Office/Organization provide initial content-based validations to applicants prior to submission to reduce the number of formality non-compliances?

Yes
Comments: But not within the content of a patent specification

4. What does your Office/Organization validate prior to submission? Please select all that apply.

Missing required application parts
Other (specify): address for service, fees
Comments: e.g. you can't submit a trade mark application for an image mark without supplying a valid image.

5. Metadata Scrubbing

> ### Does your Office/Organization provide a scrubbing tool to remove unwanted metadata from the documents prior to submission?
>
> No
>
> **If yes, which types of metadata are removed?**

6. Does your Office/Organization provide a feedback document, additional document or online messages during the filing

process detailing potential problems within the submitted application documents based on the above validations?

Yes
Comments:

---

7. What does your Office/Organization consider the authoritative copy of the submission?

Originally submitted application documents
Comments:

---

8. If your Office/Organization converts or plans to convert the submitted document to XML, in which format would you preserve embedded images? Please select all that apply.

Original format if possible
Comments:

---

9. When the submitted document is transformed to XML, in what format does your Office/Organization preserve mathematical equations?

---

10. When the submitted document is transformed to XML, in what format does your Office/Organization preserve chemical formulae?

Comments:

---

11. When the submitted document is transformed to XML, in what format does your Office/Organization preserve table or tabular data? Please select all that apply.

Comments:

---

12. Is your Office/Organization moving away from paper-based rules for applicant submissions, such as page count, margins line spacing and focus more on the amount of characters/words in a document or file size?

We are considering it
Comments: only relevant for patent specifications

---

13. If your Office/Organization is not considering moving away from paper-based rules, select the presentation elements your Office/Organization needs to preserve from the submitted application documents. Please select all that apply.

Comments:

---

14. Select the formats by which your Office/Organization displays or would display an application for examination or administration purposes. Select all that apply.

Originally submitted format using an appropriate software application
Comments:

---

15. Select the formats which your Office/Organization uses or would use to publish documents submitted by applicants.

Originally submitted format using an appropriate software application
Comments: We are considering rendered XML

---

16. Specify the content management system your Office/Organization uses to store and manage documents. Please provide either names of commercial products or brief description of custom-built systems.

OpenText Documentum managed via Coexya Ptolemy

---

17. In what formats do you publish your Official Gazette? Select all that apply.

Purely digital format (e.g. HTML pages)
Comments:

---

18. If you still publish in a physical format, are you considering discontinuing physical publication within the next five years?

Comments:

---

19. If you still publish in an electronic format with paper-based layout (e.g. PDF), are you considering discontinuing this format in favor of a purely digital format within the next five years?

Comments:

4. Thank You!
