Please enter your email address so we can contact you if we have questions about your response.

2. Questions page

1. Please explain any other conditions or requirements for access to patent information besides those covered in Part 1 questions 3 (access mechanism) and 4 (who may access), such as limits on the number of queries, number of results, or data limits.

Basically, there are no access restrictions. Also, only 3000 search results can be displayed.

2.

Are fees required for access to particular types of information?

NO

If yes, please indicate for which information and explain the access procedure (e.g. how to create an account, what forms of payment are accepted, etc.).

3. If your office uses multiple languages, are the online interfaces for different languages synchronized with the same capabilities and the same data, or do some interfaces have different capabilities or data than others?

Please indicate the reference language(s).

Comments: No answer because the office mainly uses only Japanese.

4. Please indicate any differences in the data available in other languages (for example, in the frequency of updates, coverage, search tools, etc.).

	Differences for Language
Published applications	Japanese and its English translations are available through the search service(J-PlatPat). There is no difference in update frequency and coverage due to differences between languages.

Comments:

5. Are documents available for download in a searchable text format?

Examples of searchable text formats include plain text documents, HTML, XML, and certain PDFs that are created with readable text. If a PDF was created from a scanned image with OCR (optical character recognition) applied, then select "PARTIAL" as text may not always be converted correctly.

This question refers only to the content of the document which can be represented as text. Do not consider images or figures in your answer. If a document has both images and text, answer "Yes" if all the text elements are searchable.

	YES	NO	PARTIAL (some text elements not searchable)
Published applications	X		
Granted patents	X		
Amendments, corrections, or other documents with updates	X		
File history	X		

Comments:

6.

Are updated versions of patent documents available online when changes are made after publication (e.g. “as granted” rather than “as filed”)?

YES

If yes, please explain how updated documents are presented in search results (e.g. with updated kind codes according to WIPO ST.50).

The updated type code is displayed in the search result list (for example, the registered publication is "JP, 0000-000000 B").

7. Which parts of patent documents are updated online after publication? Mark all that apply.

Entire document

Comments:

8. Is the event history (list of relevant legal status information) for a given document available in online systems?

	YES	NO	PARTIAL
Pre-grant events	X		
Post-grant events	X		

Comments:

9. What are your current plans, if any, for using WIPO Standard ST.27 for patent legal status information? Check all that apply.

We are not planning to implement ST.27 at this time, because-

Other (Specify in comments)

Comments: There are plans to implement ST27 in the future, but we are considering when it will be realized because it involves system modifications.

10. Does your Office / Organization provide an authority file of published patent documents?

YES, we currently provide an ST.37 compliant authority file accessible through the WIPO Authority File portal

Comments:

11. If you do not provide an authority file to WIPO according to the recommendations of ST.37, can you indicate the reasons below? Check all that apply.

Comments:

12. Are the following features available in the online systems provided by your Office?

See glossary above for definitions of search types.

- Chinese
- English
- Japanese
- Korean

To (translated output languages)

English
Japanese

15. Which patent information is translated?

Entire document

Comments:

16. Does your system provide guidance on what types of number formats are accepted when searching by application or publication numbers?

Our system provides guidance on the search page

Comments:

17. What types of number formats are accepted when searching by application or publication numbers? Please check all that apply.

Numbers with separators between different parts of the number, such as slash (/) hyphen (-) or space ()

Number issued by another Office, such as a PCT application number that entered the national phase

Comments:

18. Are WIPO ST.3 two-letter codes or WIPO ST.16 document kind codes used as part of the search term when searching by application or publication number?

	required	optional	not accepted
ST.3 Office codes are	X		
ST.16 document codes are	X		

Comments:

19. What kind of interface do users have to access your online systems for the available types of patent documents? For example, for published patent applications, granted patents, patent term extensions, fee payments.

All information can be accessed through a single web page or portal

Comments:

20. Do your online systems use the same web pages or portals for different types of industrial property rights provided by your Office? For example, patents for inventions, plant patents, design patents, inventors' certificates, utility certificates, utility models, patents of addition and others. Answer yes here even if there are multiple web pages or portals for different types of documents (application, legal status history, assignments, etc), as long as each type of IP right is available on the same web page or portal.

Note- this question is about different types of IP rights. Question 17 is about different types of patent documents.

YES

Comments:

21. If there are separate websites or portals for these other types of industrial property provided by your Office, please list them.

22. Do your online systems contain information on documents issued under international or regional IP protection systems, which have (potential) effect in your jurisdiction?

YES

Comments:

23. If so, what types of documents are available, e.g. PCT documents or translations?

- Gazettes of each country (US, EP, WO, CN, KR, GB, DE, DD, FR, CH, CA)
- Progress documents that can be obtained through OPD

24. Is international or regional data searchable in the same online systems as national documentation?

Yes, international / regional data is available and searchable

Comments:

25. What functionality would you like to see in the systems provided by other Offices?

	For full descriptions	For legal status
Possibility to translate content into other languages	X	X
Search by bibliographic data fields		X
Full text search	X	X
Possibility to download documents in various formats	X	X
Alerting to data updates		X
Date of receipt of applications by your Office		X
Other (Specify in comments)		

Comments:

26. What is your desired update frequency for data from other Offices?

	For full descriptions	For legal status
Real time publication of all changes		
Daily updates	X	X
Weekly updates		
Other (Specify in comments)		

Comments:

27. Should other Offices' systems support machine-to-machine communication (such as web services) for exchanging data with your Office?

	YES	NO	NO PREFERENCE
For full applications		X	
For bibliographic data		X	
For legal status information		X	

Comments:

28. Should Offices' systems provide search capabilities for both their national data sets and data published by other Offices (with an interface in the national language)?

	YES	NO	NO PREFERENCE
For full applications			X
For bibliographic data			X
For legal status information			X

Comments:

29. User guide

Is there a user guide for searching (such as explanation of fields or examples) available in the system?

YES

URL where the guide is available-

30. Is there a clear indication of which information in the official publication is issued by your Office / Organization and which information is from other sources (e.g. a disclaimer on externally provided information)?

There is no specific description.

31. Please briefly describe your future plans with respect to your Office's online systems, their content and functionality. For example, if you have plans to expand their capabilities, merge existing systems, retire old systems, or a general timeline for such work, please include that information here.

From 2021 to 2024, we plan to make modifications to accommodate the system renewal inside the office. Since that is prioritized, there are no specific plans for modification for the purpose of function expansion at this time.

32. In which of the following areas are WIPO recommendations the most needed and/or most effective? Check all that apply.
