Current Status

- ❖ **Currently KIPO disseminates its patent legal status data, but the data is not fully compliant with ST.27.**
- ❖ **Therefore, KIPO is trying to secure FY2024 budget to implement ST.27.**

Future Plan

- ❖ If we get the budget successfully, we will build the new patent legal status data compliant with ST.27.

- We expect the implementation process will take at least 1 year.

- ❖ Even after the development is complete, we plan to distribute both types of data(*current and ST.27 compliant format*) for some while.

- Users who has been consuming the existing data should prepare for consuming the new data compliant with ST.27.

Thank you!
