Progress of the development of XML schema for Geographical Indications

Yury Zontov
FIPS of Rospatent

**Federal Institute of Industrial Property
(ROSPATENT)**

The Task No. 53 was created at the fifth session of the Committee on WIPO Standards (CWS/5) in order to:

“Develop XML schema components for Geographical Indications.”

Federal Institute of Industrial Property (ROSPATENT)

Draft XML Schema has been developed by Rospatent following the ST.96 guidelines

- XML4IP Meeting in Seoul (March 11 - 15, 2019)
- Latest version now available on Wiki
(Round 4 in progress)

and as CWS/7/3 Annex III

Federal Institute of Industrial Property (ROSPATENT)
