INTERNATIONAL DESIGNS BULLETIN

IMPORTANT CHANGES

1. Users of the Hague system are advised of the following two changes which will come into effect with issue 1/2001 of the *International Designs Bulletin*:

(a) *Bulletin production time (CD-ROM and paper publication)*: the time has been reduced from two months to one, which means that entries made in the International Register in the course of a given month are published on the last working day of the following month. This change does not however affect the publication date of deposits made with a request for deferment of publication under Article 6(4)(a) of the 1960 Act of the Hague Agreement.

(b) *Contents of the CD-ROM edition of the Bulletin*: in future the CD-ROM will contain a cumulative record of all entries made in the International Register, including those relating to deposits governed exclusively by the 1934 Act. All entries in the International Register may be searched by name of owner. The list of owners will therefore no longer be published in the paper edition of the *Bulletin*, which in other respects will remain unchanged.

./ 2. Present subscribers may, if they wish, use the attached form to subscribe to a different edition of the *Bulletin* (either the complete edition on CD-ROM and paper or the paper edition only) for 2001. **If no specific edition is mentioned, or if the subscription is not expressly cancelled, it will be renewed in the same form as before.**

3. New subscribers to the *International Designs Bulletin* are requested to use the same form, and to state on it which edition they wish to receive.
