THE HAGUE AGREEMENT CONCERNING THE INTERNATIONAL DEPOSIT OF INDUSTRIAL DESIGNS

Edition of the *International Designs Bulletin* on CD-ROM

1. Since issue No. 1/2001 of the *International Designs Bulletin*, all the entries made in the International Register of Industrial Designs (including those relating to deposits governed exclusively by the 1934 Act) are included on the CD-ROM publication.
2. The number of subscribers to the sole paper edition of the *Bulletin*, which only contains bibliographic data relating to international deposits of industrial designs, to the exclusion of reproductions of deposited designs, no longer justifies the continuation of this publication on paper. The International Bureau has therefore decided that, as from February 2002 (namely, as from the publication of entries made in the International Register in December 2001), this paper publication will be discontinued.
3. The CD-ROM allows all the entries made in the International Register to be searched, in particular by registration number, and, as far as new registered deposits are concerned, by name of holder, by designated countries, by class of the international classification and by the article or object in which the design is intended to be incorporated.
4. The subscription price of the *International Designs Bulletin* on CD-ROM will be reduced to 180 Swiss francs for the year 2002 (compared to the current price of 300 Swiss francs).
5. You will find attached a subscription form for the year 2002.

October 15, 2001
