THE HAGUE AGREEMENT CONCERNING THE INTERNATIONAL DEPOSIT OF INDUSTRIAL DESIGNS

Hague Express

1. A new database named “ *Hague Express* ” is now available online on the Internet at the following address <http://ipdl.wipo.int>. *Hague Express* includes bibliographical data and, as far as international deposits governed exclusively or partly by the 1960 Act of the Hague Agreement are concerned, reproductions of industrial designs relating to international deposits that have been recorded in the International Register and published in the *International Designs Bulletin* as of issue No. 1/1999.
2. The data presented on *Hague Express* reflect the situation of the International Register of Industrial Designs taking into account the most recent issue of the *International Designs Bulletin*. The update of this database is monthly with each publication of the said Bulletin.
3. While every effort is made to ensure that this information accurately reflects the data recorded in the International Register, the only official publication remains the Bulletin and the only official statements by the International Bureau regarding the contents of the International Register for a given international deposit remain the certified extracts from the Register established on request by the International Bureau.
