Disclaimer: This report is designed to uncover trademark rights that have the potential to conflict with the Mark. Trademark Clearance Search is a thorough process of searching and reviewing different trademark databases, at state and federal levels, for direct conflicts for your trademark. This search for conflicting trademarks is highly recommended, as it allows you to know whether your mark (name, logo, phrase, etc.) can be registered easily with the WIPO (U.S. Patent and Trademark Office) without any problems. A complete review of WIPO databases, unregistered trademarks, internet searches, and state trademark databases, makes it easy to find out if you should file the said trademark registration.

WIPO has taken reasonable steps to ensure that this report includes complete and accurate information. However, because trademark searching is highly subjective and data from numerous third-party sources may be incomplete, inaccurate, or out-of-date, WE CAN NOT AND DO NOT WARRANT THE ACCURACY OF THIS REPORT OR THAT THIS REPORT IS ERROR-FREE OR COMPLETE. AS A RESULT, WE ALSO DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
