MADRID AGREEMENT CONCERNING THE INTERNATIONAL REGISTRATION OF MARKS AND PROTOCOL RELATING THERETO

Declaration Made Under Rule 20 *bis*(6)(b) of the Common Regulations under the Madrid Agreement and Protocol: Republic of Moldova

1. In a notification addressed to the Director General of the World Intellectual Property Organization, the Republic of Moldova has made the declaration provided for by Rule 20*bis*(6)(b) of the Common Regulations under the Madrid Agreement, in accordance with which the recording of licences in the International Register has no effect in that country.
2. It follows that a holder or licensee should be aware that, as far as the Republic of Moldova is concerned, it serves no purpose to request the recording in the International Register of a licence relating to an international registration of a mark (such recording carrying no legal effect in that country as a result of the said declaration). Consequently, the formalities required for the recording in the Republic of Moldova of a licence relating to an international registration of a mark must be completed directly with the Office of the Republic of Moldova and according to the conditions laid down by the legislation of that country.
3. This declaration entered into force on April 1, 2002.
