

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices

Only Offices whose applicable national law contains provisions concerning the deposits of microorganisms and other biological material are listed in this table. Unless otherwise indicated in the table, deposits may be made for the purposes of patent procedure before these Offices with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (these institutions are indicated further in this Annex and notifications related thereto may be consulted under [www.wipo.int/treaties/en/registration/budapest/](http://www.wipo.int/treaties/en/registration/budapest/)). Further information concerning the requirements of international depositary authorities under the Budapest Treaty is available at [www.wipo.int/treaties/en/registration/budapest/guide/](http://www.wipo.int/treaties/en/registration/budapest/guide/)

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>AL – Albania</b>			
General Directorate of Industrial Property (GDIP) (Albania)	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the General Directorate of Industrial Property (GDIP) (Albania) with any depositary institution specialized for that purpose.			
<b>AP – African Regional Intellectual Property Organization (ARIPO)</b>			
ARIPO	None	At the time of filing	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before ARIPO with any depositary institution.			
<b>AT – Austria</b>			
Austrian Patent Office	Before completion of technical preparations for international publication	At the time of filing (as part of the application)	To the extent available to the applicant, all significant information on the characteristics of the microorganism
<b>AU – Australia</b>			
Australian Patent Office	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
An applicant may give notice that the furnishing of a sample of a microorganism shall only be effected prior to the grant of a patent, or to the lapsing, refusal or withdrawal of an application, to a person who is a skilled addressee without an interest in the invention (Regulation 3.25A(2) of the Australian Patents Regulations). The applicant must give notice directly to the Australian Patent Office before the application is made available to the public (normally the international publication date).

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>BA – Bosnia and Herzegovina</b>			
Institute for Intellectual Property of Bosnia and Herzegovina	At the time of filing, either in the description or separately	At the time of filing, either in the description or separately	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may be made for the purposes of patent procedure before the Institute for Intellectual Property of Bosnia and Herzegovina with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (these institutions are indicated further in this Annex and notifications related thereto may be consulted under <a href="http://www.wipo.int/treaties/en/registration/budapest/">www.wipo.int/treaties/en/registration/budapest/</a> ).			
<b>BG – Bulgaria</b>			
Patent Office of the Republic of Bulgaria	At the time of filing, either in the description or separately	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
<b>BN – Brunei Darussalam</b>			
Brunei Darussalam Intellectual Property Office (BrUIPO)	None	None	None
The applicant may request that a sample only be made available to an expert before the patent is granted or if the application has been withdrawn, or has been treated as having been abandoned, has been refused or is treated as having been refused. The applicant should make such requests to the International Bureau in writing before completion of technical preparations for publication of the international application.			
<b>BR – Brazil</b>			
National Institute of Industrial Property (Brazil)	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the biological material
Deposits may also be made for the purposes of patent procedure before the National Institute of Industrial Property (Brazil) with any depositary institution authorized by the Institute.			
<b>BY – Belarus</b>			
National Center of Intellectual Property (Belarus)	The name of the depositary institution and the accession number at the time of filing (must be in the description)	None	None
For the purposes of patent procedure before the National Center of Intellectual Property (Belarus), a deposit may be made not later than the priority date of the international application with any international or Belarusian depositary institution specialized for that purpose.

### Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>DE – Germany</b> German Patent and Trade Mark Office	Sections 1(1), No. 3 and 3(2) of the Ordinance on the Deposit of Biological Mate- rial [ <i>BioMatHintV</i> ]: The name and address of the depository insti- tution at the time of filing (as part of the application)  Where the appli- cant requests pu- blication earlier than 16 months from the priority date, the acces- sion number not later than that request  Where the appli- cant has been notified that a right to inspec- tion of files exists, the acces- sion number, one month from that notification	Section 1(1), No. 2, of the Ordinance on the Deposit of Biological Material:  At the time of filing (as part of the application)	Section 1(1), No. 2, of the Ordinance on the Deposit of Biological Material:  To the extent available to the applicant, relevant information on the characteristics of the biological material

Deposits may also be made for the purposes of patent procedure before the German Patent and Trade Mark Office with any depository institution having acquired the status of international depository authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (published further in this Annex) and with any scientifically recognized institution that is legally, economically and organizationally independent of the applicant and of the depositor and ensures the proper storage and furnishing of samples in accordance with the Ordinance on the Deposit of Biological Material.

The applicant may request that, until the grant of a patent or for 20 years from the date of filing if the application is refused or withdrawn, a sample shall only be issued to an independent expert nominated by the applicant. The request shall be filed with the German Patent and Trade Mark Office before technical preparations for publication of the international application are considered to be completed.

At the time of filing, the applicant shall give his unreserved and irrevocable authorization to the depository institution to issue samples in accordance with the Ordinance on the Deposit of Biological Material of 24 January 2005, and shall furnish documentary evidence that the depositor has given an undertaking to that effect, where the biological material has been deposited by a third party.

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>DJ – Djibouti</b>			
Office of Industrial Property and Commerce of Djibouti (ODPIC)	None	None	To the extent available to the applicant, relevant information on the characteristics of the microorganism
<p>For the purposes of patent procedure before the Office of Industrial Property and Commerce of Djibouti (ODPIC), a deposit is required not later than at the date of filing the international application. A receipt attesting the deposit and its acceptance issued by the depositary institution with which the microorganism was deposited must be submitted to ODPIC within the time limit applicable under PCT Article 22 or 39(1).</p> <p>Where the biological material has been deposited by a person other than the applicant, the reference to such a deposit must include the name and address of the depositor and a statement that the latter has authorized the applicant to refer to the deposited biological material in the application and has given his unreserved and irrevocable consent to the deposited material being made available to the public.</p>			
<b>DK – Denmark</b>			
Danish Patent and Trademark Office	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	At the time of filing (as part of the application)	To the extent available to the applicant, all significant information on the characteristics of the microorganism
<p>The applicant may request that, until the application has been laid open to public inspection (by the Danish Patent and Trademark Office), or has been finally decided upon by the Danish Patent and Trademark Office without having been laid open to public inspection, the furnishing of a sample shall only be effected to an expert in the art. The request to this effect shall be filed by the applicant with the Danish Patent and Trademark Office not later than at the time when the application is made available to the public under Sections 22(7) and 33(3) of the Danish Patents Act and Section 24(1) of the Danish Order on Patents and Supplementary Protection Certificates. If such a request has been filed by the applicant, any request made by a third party for the furnishing of a sample shall indicate the expert to be used. That expert may be any person entered on a list of recognized experts drawn up by the Danish Patent and Trademark Office or any person approved by the applicant in the individual case, Section 24(2) of the Danish Order on Patents and Supplementary Protection Certificates.</p>			
<b>DO – Dominican Republic</b>			
National Office of Industrial Property (Dominican Republic)	At the time of filing (must be in the description)	At the time of filing (must be in the description)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
For further details, refer to Article 13 (3) and (4) of Law No. 20-00 of 8 May 2000, on Industrial Property

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>EA – Eurasian Patent Organization</b>			
Eurasian Patent Office (EAPO)	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	At the time of filing (must be in the description)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the Eurasian Patent Office with any depositary institution.			
<b>EC – Ecuador</b>			
National Service of Intellectual Rights (SENADI) (Ecuador)	At the time of filing for notification of the fact that a deposit was made on or before the filing date	None	None
<b>EP – European Patent Organisation</b>			
European Patent Office (EPO)	None	At the time of filing	To the extent available to the applicant, relevant information on the characteristics of the biological material
Deposits with CNCM can be made under the Budapest Treaty or, as far as the deposits of cell cultures, mycoplasma and rickettsiae are concerned, under a bilateral agreement with the EPO.			
If the applicant wishes that, until the publication of the mention of the grant of a European patent or for 20 years from the date of filing if the application is refused or withdrawn or deemed to be withdrawn, the biological material shall be made available as provided in Rule 33(1) EPC only by the issue of a sample to an expert nominated by the requester (Rule 32(1) EPC), the applicant must, by a written statement, inform the International Bureau accordingly before completion of technical preparations for publication of the international application where such publication takes place in one of the EPO official languages (English, French or German). Such statement must be separate from the description and the claims of the international application and must preferably be made on Form PCT/RO/134, referred to in Section 209 of the Administrative Instructions under the PCT and available on the WIPO website at <a href="http://www.wipo.int/pct/en/forms/ro/editable/ed_ro134.pdf">www.wipo.int/pct/en/forms/ro/editable/ed_ro134.pdf</a> .			
If the international application was not published in an official language of the EPO (English, French, German), the statement under Rule 32(1) EPC can still be submitted in the European phase until completion of the technical preparations for publication of the translation of the international application under Article 153(4) EPC. The fact that the expert option has been chosen will then be published on the front page of the published translation of the application. Information received under Rule 32(1) EPC after completion of the technical preparations for publication of the international application – or,

### Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>EP – European Patent Organisation <i>[Continued]</i></b>			
<p>where applicable, of the translation of the application pursuant to Article 153(4) EPC – cannot be taken into account with the consequence that the biological material will be available to any person as provided for in PCT Rule 13bis.6 and Rule 33(1) EPC without an expert acting as intermediary (see Notice from the European Patent Office dated 7 July 2010 concerning inventions which involve the use of or concern biological material, OJ EPO 10/2010, page 498 <i>et seq.</i>).</p> <p><b>WARNING:</b> Where the invention involves the use of or concerns biological material which is not available to the public at the date of filing the application and which has been deposited by a person other than the applicant, the reference to such a deposit must include the name and address of the depositor and a statement that the latter has authorized the applicant to refer to the deposited biological material in the application and has given his unreserved and irrevocable consent to the deposited material being made available to the public in accordance with Rule 31(1)(d) of the European Patent Convention (EPC). If any of these indications (the name and address of the depositor, and the statement) is not included in a reference to deposited biological material in the international application as filed, it may still be furnished to the International Bureau within a period of 16 months after the date of filing of the international patent application or, if priority is claimed, after the priority date; this time limit is deemed to have been met if the indication reaches the International Bureau before the technical preparations for international publication have been completed (PCT Rule 13bis.4(a)). Where the applicant makes a request for early publication under PCT Article 21(2)(b), the indications must be furnished to the International Bureau at the latest before the completion of the technical preparations for international publication (PCT Rule 13bis.4(c)). The failure to meet this time limit cannot be remedied upon entry into the European phase neither by re-establishment of rights nor by further processing. As a result, the application may have to be refused under Article 97(2) EPC in the course of examination proceedings for insufficient disclosure (Article 83 EPC).</p>			
<b>ES – Spain</b>			
Spanish Patent and Trademark Office	Where applicant requests publication earlier than 16 months from the priority date, two months from notification of the Office	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the biological material
<p>For the purposes of patent procedure before the Spanish Patent and Trademark Office a deposit is required not later than at the date of filing the international application with any legally recognized institution and, in any case, with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms (Article 25.2.a) SPL).</p> <p>If the applicant wishes that, until the publication of the mention of the grant of a Spanish patent or for 20 years from the date of filing if the application is refused or withdrawn, the biological material shall be made available as provided in Article 45 SPL only by the issue of a sample to an independent expert, the applicant must, by a written statement, inform the International Bureau accordingly before completion of technical preparations for publication of the international application. Such statement must be separate from the description and claims of the international application and must preferably be made on Form PCT/RO/134, referred to in Section 209 of the Administrative Instructions under the PCT.</p>

### Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>IT – Italy</b>			
Italian Patent and Trademark Office	Where the applicant requests early publication or notifies the application to third parties earlier than 16 months from the priority date, the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) must be provided not later than that request or notification (Legislative Decree No. 30/2005, Art. 162(2)).	At the time of filing (must be in the description)	To the extent available, a description of the characteristics of the microorganism and/or other biological material
Deposits may be made for the purposes of patent procedure before the Italian Patent and Trademark Office with any depository institution having acquired the status of international depository authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (these institutions are indicated further in this Annex and notifications related thereto may be consulted under <a href="http://www.wipo.int/treaties/en/registration/budapest/">www.wipo.int/treaties/en/registration/budapest/</a> ).			
<b>JO – Jordan</b>			
Industrial Property Protection Directorate, Ministry of Industry, Trade and Supply (Jordan)	At the time of filing, either in the description or separately	None	To the extent available to the applicant, a description of the characteristics and an indication of the usefulness of the microorganism and/or other biological material
Deposits may also be made for the purposes of patent procedure before the Industrial Property Protection Directorate, Ministry of Industry, Trade and Supply (Jordan) with any depository institution.			
<b>JP – Japan</b>			
Japan Patent Office (JPO)	At the time of filing (must be in the description) (furnishing of the date of deposit of the biological material is not necessary)	At the time of filing (must be in the description)	To the extent available to the applicant, relevant information on the characteristics of the biological material

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>KE – Kenya</b>			
Kenya Industrial Property Institute	None	None	To the extent available to the applicant, relevant information on the characteristics of the microorganism
<b>KR – Republic of Korea</b>			
Korean Intellectual Property Office	At the time of filing (must be in the description)	None	None
For the purposes of patent procedure before the Korean Intellectual Property Office, a deposit is required not later than at the date of filing the international application. A receipt attesting the deposit and its acceptance issued by the depositary institution with which the microorganism was deposited must be submitted to the Korean Intellectual Property Office within the time limit applicable under PCT Article 22 or 39(1).			
<b>KZ – Kazakhstan</b>			
National Institute of Intellectual Property (NIIP) (Kazakhstan)	None	None	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the National Institute of Intellectual Property (NIIP) (Kazakhstan) with any depositary institution.			
<b>LT – Lithuania</b>			
State Patent Bureau of the Republic of Lithuania	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the State Patent Bureau of the Republic of Lithuania with any depositary institution.			
<b>LU – Luxembourg</b>			
Intellectual Property Office (Luxembourg)	None	None	None
<b>LV – Latvia</b>			
Latvian Patent Office	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>MA – Morocco</b>			
Moroccan Office of Industrial and Commercial Property (OMPIC)	At the time of filing (must be in the description)	At the time of filing	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits of microorganisms for the purposes of patent procedure before the Moroccan Office of Industrial and Commercial Property (OMPIC) must be made before the filing date of the international application with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (Art. 34 of Law No. 17-97 on the Protection of Industrial Property as amended by Law Nos. 23-13 and 31-05).			
<b>MD – Republic of Moldova</b>			
State Agency on Intellectual Property (Republic of Moldova)	None	None	To the extent available to the applicant, relevant information on the characteristics of the microorganism
The deposit may be made with a depositary institution designated by the Government or with institutions which have the status of international depositary authority not later than the filing date of the international application.			
<b>MK – North Macedonia</b>			
State Office of Industrial Property (North Macedonia)	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the State Office of Industrial Property (North Macedonia) with any international depositary institution recognized by the Office (a list is published in the official journal of the Office). The furnishing of samples to a third party may be subject to the condition that that party: (a) has a right to demand that a sample of the viable biological or microbiological material be made available; (b) has undertaken to ensure that the applicant does not authorize access to the sample of the deposited viable biological or microbiological material to any third party before the expiry of the prescribed period of validity of the patent.			
<b>MX – Mexico</b>			
Mexican Institute of Industrial Property	None	At the time of filing (must be in the description)	To the extent available to the applicant, relevant information on the characteristics of the microorganism

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>MY – Malaysia</b>			
Intellectual Property Corporation of Malaysia	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	At the time of filing (in the description)	Relevant information on the characteristics of the microorganism.  If the depositor is not the applicant, an authorization letter from the depositor must accompany the application at the time of filing or within 16 months from the priority date, or, where the applicant requests publication earlier than 16 months from the priority date, not later than that request
<b>NI – Nicaragua</b>			
Registry of Intellectual Property (Nicaragua)	None	None	To the extent available to the applicant, all relevant information on the characteristics of the biological material
<b>NO – Norway</b>			
Norwegian Industrial Property Office	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	At the time of filing (as part of the application)	To the extent available to the applicant, all significant information on the characteristics of the microorganism
<p>The applicant may request that, as from the time when the application has been laid open to public inspection by the Norwegian Industrial Property Office until a patent has been granted, the application has been finally decided upon without a patent having been granted, or for 20 years from the date of filing if the application is refused or withdrawn, the furnishing of a sample shall only be effected to an expert in the art. The request to this effect shall be filed by the applicant with the Norwegian Industrial Property Office not later than at the time when the application is made available to the public under Section 33(3) of the Norwegian Patents Act. If such a request has been filed by the applicant, any request made by a third party for the furnishing of a sample shall indicate the expert to be used. That expert may be a person entered on a list of recognized experts drawn up by the Norwegian Industrial Property Office or any person approved by the applicant in the individual case.</p>			
<b>NZ – New Zealand</b>			
Intellectual Property Office of New Zealand	None	At the time of filing (as part of the specification)	To the extent available to the applicant, relevant information on the characteristics of the microorganism

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>OM – Oman</b>			
National Intellectual Property Office (Ministry of Commerce, Industry and Investment Promotion) (Oman)	None	None	None
<b>PA – Panama</b>			
Directorate General of the Industrial Property Registry (DIGERPI) (Panama)	None	At the time of filing (as part of the application)	Copy of the certificate of deposit and authorization to view the deposited biological material
<b>PE – Peru</b>			
National Institute for the Defense of Competition and Intellectual Property Protection (Peru)	At the time of filing, either in the description or separately	At the time of filing, either in the description or separately	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may be made for the purposes of patent procedure before the National Institute for the Defense of Competition and Intellectual Property Protection (Peru) with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure (these institutions are indicated further in this Annex and notifications related thereto may be consulted under <a href="http://www.wipo.int/treaties/en/registration/budapest/">www.wipo.int/treaties/en/registration/budapest/</a> ).			
<b>PH – Philippines</b>			
Intellectual Property Office of the Philippines	At the time of filing (as part of the application)	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may be made for the purposes of patent procedure before the Intellectual Property Office of the Philippines with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure.			
<b>PL – Poland</b>			
Patent Office of the Republic of Poland	None	None	Name and address of the depositor
Deposits may also be made for the purposes of patent procedure before the Patent Office of the Republic of Poland with the national depositary authorities—Institute of Agricultural and Food Biotechnology and Serum and Vaccine Research Laboratory.			

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>PT – Portugal</b>			
National Institute of Industrial Property (Portugal)	None	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
For the purposes of the patent procedure before the National Institute of Industrial Property (Portugal), a deposit is required not later than at the date of filing the international application with any depositary institution having acquired the status of international depositary authority under the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure.			
<b>QA – Qatar</b>			
Intellectual Property Department (Qatar)	None	None	None
<b>RO – Romania</b>			
State Office for Inventions and Trademarks (Romania)	None	None	To the extent available to the applicant, all significant information on the characteristics of the microorganism
<b>RS – Serbia</b>			
Intellectual Property Office (Serbia)	None	None	To the extent available to the applicant, a description of the characteristics of the microorganism
<b>RU – Russian Federation</b>			
Federal Service for Intellectual Property (Rospatent) (Russian Federation)	None	None	To the extent available to the applicant, relevant information on the characteristics of the microorganism
Deposits may also be made for the purposes of patent procedure before the Federal Service for Intellectual Property (Rospatent) (Russian Federation) with any depositary institution.			

# L Deposits of Microorganisms and Other Biological Material L

## Requirements of designated and elected Offices *[Continued]*

Designated (or elected) Office	Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii) pursuant to notifications from the Offices concerned
	the indications prescribed in Rule 13 <i>bis</i> .3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
<b>SE – Sweden</b>			
Swedish Intellectual Property Office (PRV)	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the microorganism
The applicant may request that, until the patent has been granted by the Swedish Intellectual Property Office (PRV) or if the application has been finally decided upon without resulting in the grant of the patent, the furnishing of a sample shall only be effected to an expert in the art. The same is applied to rejected or withdrawn applications within a period of 20 years from the filing date. The request to restrict the furnishing of a sample to an expert in the art shall be filed by the applicant with the Swedish Intellectual Property Office (PRV), at the latest, by the day upon which technical preparations for publication of the application are considered to be completed.			
<b>SG – Singapore</b>			
Intellectual Property Office of Singapore	Where applicant requests publication earlier than 16 months from the priority date, not later than that request	None	None
The applicant may request that the furnishing of a sample of a microorganism shall only be made available to an expert. The request to this effect must be filed by the applicant with the International Bureau before the completion of the technical preparations for international publication of the application.			
<b>SK – Slovakia</b>			
Industrial Property Office of the Slovak Republic	The name and address of the depositary institution and accession number at the time of filing (as part of the application)	At the time of filing (as part of the application)	To the extent available to the applicant, relevant information on the characteristics of the biological material
