NEW PCT CONTRACTING STATE

Indonesia (country code: ID)

Indonesia deposited its instrument of accession to the PCT on 5 June 1997, and will become bound by the PCT on 5 September 1997. Therefore, in any international application filed on or after 5 September 1997, Indonesia may be designated and, because it will be bound by Chapter II of the PCT, may also be elected. Furthermore, as from 5 September 1997, nationals and residents of Indonesia will be entitled to file international applications under the PCT.

PCT INFORMATION LINE - NEW SERVICE FOR PCT USERS

On 1 June 1997, WIPO started a new service for PCT users - the PCT Information Line. The PCT Information Line can be contacted for general inquiries about the filing of PCT applications and the procedure during the international phase under the PCT.

The PCT Information Line is staffed on all WIPO working days (for non-working days in 1997, see *PCT Newsletter* No. 12/1996), from 9.00 a.m. to 7.00 p.m., Geneva time, (that is, for example, US Eastern time: from 3.00 a.m. to 1.00 p.m., and Japanese time: (during Geneva's summertime) from 4.00 p.m. to 2.00 a.m. or (during Geneva's wintertime) from 5.00 p.m. to 3.00 a.m.) Inquiries can be made by telephone, fax and e-mail. Outside the hours indicated above, telephone messages can be left

by voice mail. The PCT Information Line is staffed by experienced PCT formalities examiners who are capable of handling inquiries in English, French and German, and possibly other languages.

Note that questions about a particular application can still be addressed to the authorized officer concerned (that is, the person named at the foot of the Notification of receipt of record copy (Form PCT/IB/301) relating to the application concerned). For questions of a legal nature, the legal staff of the PCT Legal Division should be contacted directly. Where necessary, the person who is on duty on the

THE PCT AND REGULATIONS ON THE INTERNET

The English text of the PCT and Regulations can now be viewed on WIPO's Internet site, at the address indicated on the cover page.

MODIFIED REQUEST FORM (PCT/RO/101)

The request form (PCT/RO/101) has been modified with effect from 1 July 1997.

By that date, the following new PCT Contracting States will have become bound by the PCT since the last revision of the form in January 1997 and have been added to Box No. V under *National Patent*: GH Ghana, SL Sierra Leone, YU Yugoslavia and ZW Zimbabwe. Under *Regional Patent*, GH Ghana and ZW Zimbabwe have been added for an ARIPO patent. Consequential minor modifications have been made to the notes to Box No. V of the request form, in respect of certain kinds of protection for certain States, and to the notes to the fee calculation sheet, in respect of those new PCT Contracting States whose residents and nationals (natural persons) are eligible for a reduction of the basic, designation and confirmation fees. The other sheets of the request form and of the notes thereto, as well as the fee calculation sheet and the other sheets of the notes thereto, have not been modified except for the inclusion on each sheet of an indication of either the date of reprinting or the date of printing due to repagination.

Modified versions of the second sheet of the request form (which includes Box No. V) in English and French are included in this issue as white tear-out sheets for insertion in the *PCT Applicant's Guide*, Vol. I/B, Annex X. Also included in this issue are modified versions of the second sheet in German and Spanish. The inserted sheets may be photo-

copied and used, along with other sheets of the request form which remain unchanged, for the filing of international applications on or after 1 July 1997.

The demand form (PCT/IPEA/401) has not been modified except for the inclusion of the date of reprinting (July 1997) on each sheet. The notes to the demand form have been modified to clarify information concerning the language of filing of the demand and of amendments, the cases and the language in which, and the time limit by which, a translation of the international application needs to be furnished, as well as to give more details on the language of correspondence. These clarifications relate only to international applications filed in Spanish. The notes to the fee calculation sheet, which are annexed to the demand, have also been modified in respect of those new PCT Contracting States whose residents and nationals (natural persons) are eligible for a reduction of the handling fee.

Consolidated versions of the modified request and demand forms, together with their respective accompanying notes, will be included in the July 1997 update of the *PCT Applicant's Guide*, Vol I/B, Annexes X and Y. Copies of the request form in English, French, German or Spanish can also be obtained from receiving Offices or the International Bureau as from the end of June 1997. Due to translation requirements, there may be a slight delay in the availability of request forms in other languages. Copies of the demand form can also be obtained from receiving Offices, International Preliminary Examining Authorities or the International Bureau.

As from 1 July 1997, the July 1997 versions of the request form in English, French, German and Spanish and of the demand form in English, French and German will also be included, in PDF format, on WIPO's Internet site at the address indicated on the cover page.

PRACTICAL ADVICE

Lack of unity of invention: payment of additional search fees under protest; consequences of non-payment of additional search fees

Q: The International Searching Authority which is carrying out the search on my international application, having found that my application contains five inventions and thus does not meet the requirement of unity of invention, has sent me an invitation to pay four additional search fees.

I agree with their finding that my application contains more than one invention, but I disagree with the number of additional search fees which I have been requested to pay.

(1) Is there any mechanism under the PCT for challenging the number of additional search fees requested?

(2) What will happen to my application if I do not pay all the additional search fees?

A (1) Where the International Searching Authority (ISA) finds that an application does not comply with the requirement of unity of invention (for details of that requirement, see PCT Rule 13 and Annex B of the PCT Administrative Instructions) and invites the applicant to pay additional fees (see PCT Article 17(3)(a)), the applicant, if in disagreement with the finding of lack of unity of invention, may protest against that finding, or if he considers that the number of additional search fees he has been invited to pay is excessive, may protest against the number of additional search fees to be paid. To do so, the fees concerned must be paid within the time limit which the ISA fixed in the invitation to pay additional fees (Form PCT/ISA/206) (see PCT Rule 40.2(c)) and must be accompanied by a reasoned statement explaining why the applicant considers that those parts of the international application, for which he does not agree with the payment of additional search fees, comply with the requirement of unity of invention, and why, therefore, the number of additional fees required is excessive.

Where the applicant has paid additional search fees under protest, the ISA will review the justification for the invitation to pay additional fees. To the extent that the applicant's protest is found to be justified, the additional search fees will be totally or partially reimbursed. The applicant is notified of the decision on the protest by way of Form PCT/ISA/212.

Note that, where the ISA is the Chinese Patent Office or the European Patent Office, the review procedure may consist of two levels: a prior review of the justification for the invitation to pay additional search fees, followed by a formal examination of the protest. After the prior review, the ISA may require the applicant to pay a fee for the examination of the protest (the "protest fee"), the amount of which is indicated in the *PCT Applicant's Guide*, Vol. I/B, Annex D. The protest fee must be paid within one month from the date of the notification to the applicant of the result of the prior review. That fee will be refunded to the applicant only where the protest is found to be entirely justified. If the protest fee is not paid, the protest will be considered withdrawn.

The applicant may request that the texts of the protest and the decision thereon be notified by the International Bureau to the designated Offices, together with the international search report (see PCT Rule 40.2(c)). In that case, some designated Offices may require the applicant to furnish a translation of those texts together with the translation of the international application required under PCT Article 22, upon entry into the national phase.

(2) If no or only some of the additional search fees requested are paid within the time limit fixed in the ISA's invitation (Form PCT/ISA/206), the international search report will contain the results of the search only for those claims in respect of which search fees have been paid. It is important to note that, if a demand for international preliminary examination is subsequently filed, the International Preliminary Examining Authority need not examine any claims relating to unsearched inventions.

Non-payment of an additional search fee in respect of any claim or group of claims does not, in itself, amount to any abandonment of the claim or claims concerned during the international phase; the processing of the international application, including its communication to the designated Offices, will continue in respect of all claims.

However, the national law of any designated State may provide that, where the national Office of that State finds the invitation of the ISA to pay additional search fees justified, and where the applicant has not paid all additional fees, those parts of the international application which have not been searched will, as far as effects in that State are concerned, be considered withdrawn in the national phase, unless a special fee is paid by the applicant to the national Office of that State (see PCT Article 17(3)(b)). A few Offices (for example, the Swedish Patent Office) apply such provisions; for details, see the corresponding parts of the National Chapters of the *PCT Applicant's Guide*, Vol. II. A number of designated Offices may, instead of requesting a special fee, require the applicant to restrict the application to one invention or to divide the application into a corresponding number of divisional applications.

PCT FEE TABLES

The following Tables show the amounts (including currencies—see the key to currency abbreviations following Table II) of the main PCT fees which are payable to the receiving Offices (ROs) and the International Preliminary Examining Authorities (IPEAs) during the international phase under Chapter I (Tables I(a) and I(b)) and under Chapter II (Table II). Fees which are payable only in particular circumstances are not shown; nor are details of certain reductions and refunds which may be available; such information can be found in the *PCT Applicant's Guide*, Vol. I/B, Annexes C, D and E. Note that all amounts are subject to change due to variations in the fees themselves or fluctuations in exchange rates. A 75% reduction in the basic fee, the supplement per sheet over 30, the designation and confirmation fees and the handling fee, as well as the transmittal fee payable to the International Bureau as receiving Office, is available to applicants from certain States; see footnote 2 for details. Footnotes to all Tables follow Table II.

1 Extension of European patent possible.

2 May only be designated for a regional patent (the national route has been closed).

3 Not bound by Chapter II.

Where a State can be designated for a regional patent, the two-letter code for the regional patent concerned is indicated in parentheses (AP = ARIPO patent, EA = Eurasian patent, EP = European patent, OA = OAPI patent).

Important:

This list includes all States that have adhered to the PCT by the date shown in the heading. Any States indicated in ***bold italics*** have adhered to the PCT but were not yet bound by the PCT on the date of issue of the latest version of the request form. If the applicant wishes to designate any States which are bound by the PCT on the date on which the international application is filed but which are not listed in the request form, he must add them in Box No. V of the request form and mark the corresponding check-box. Where a State has adhered to but is not yet bound by the PCT, the date on which it will become bound is shown in parentheses; it cannot be designated in international applications filed before that date.

Applicants should always use the latest versions of the request form (PCT/RO/101) and demand form (PCT/IPEA/401), new versions of which are normally issued twice yearly. The latest versions are dated January 1997. The forms are reproduced in Annexes X and Y, respectively, in Vol. I/B of the *PCT Applicant's Guide*, and can be printed from the WIPO Internet site, in PDF format, at: <http://www.wipo.int/eng/pct/index.htm>. The request form can also be obtained from receiving Offices or International Bureau. The demand form can also be obtained from receiving Offices, International Preliminary Examining Authorities or the International Bureau. Note that the updated "second sheet" of the request form, which is included as a tear-out sheet in this issue, should not be used before 1 July 1997. See page 2 for details on the updated request form.
