NEW PCT CONTRACTING STATE

Mozambique (country code: MZ)

On 18 February 2000, Mozambique deposited its instrument of accession to the PCT, and on 18 May 2000, will become bound by the PCT. Furthermore, nationals and residents of Mozambique will be entitled from 18 May 2000 to file international applications under the PCT.

invitation to correct defects in the drawings included in the application (Form PCT/RO/106) with a time limit for response of one month from the date of mailing of the invitation. However, by the time I had received the invitation, 12 days had passed since the date of mailing, leaving me only 18 days in which to send the corrected drawings and I am worried that I will not be able to have them ready in time. Is it possible to extend the time limit for responding to the invitation, or, bearing in mind the delay which I encountered in receiving the invitation, is there any other action that I can take to have any delay in the receipt of my drawings by the receiving Office excused?

A: There are various actions that you could take if you receive an invitation to correct a defect at a date much later than the date of mailing of the invitation, as follows:

1) You may request the extension of the time limit fixed by the receiving Office for the correction of the defects. According to PCT Rule 26.2, the receiving Office may extend the time limit for the correction of defects under PCT Article 14(1) *ex officio* or at the request of the applicant at any time—even after the time limit fixed in the invitation has expired—before a decision is taken on whether the applicant has submitted the correction within the time limit and whether or not the international application so corrected is to be considered withdrawn. Whether or not an applicant is granted an extension of the time limit may depend on the circumstances of the application concerned. For example, when fixing a time limit or when granting an extension of a time limit, the receiving Office takes into account the fact that corrections that may be relevant for the international search are needed by the International Searching Authority, and that all corrections must reach the International Bureau before the completion of technical preparations for international publication. Extensions of time limits must be requested from the receiving Office and are normally granted if the circumstances referred to in the preceding sentence so permit.

Note, however, that PCT Rule 26.2 does not apply to all types of invitations, for example, it does not apply to invitations to correct defects under PCT Articles 11 or 14(2).

2) In accordance with PCT Rule 80.6 (first sentence), if the invitation was mailed on a day later than the date it bears, and you can prove that fact (for example (and depending on the country and office concerned), on the basis of elements such as the date stamp affixed by the post office), the date of actual mailing will, for the purposes of computing the period, be considered by the receiving Office to be the date on which the period starts.

3) Since the invitation reached you 12 days after the date of mailing, you also have the possibility under PCT Rule 80.6 (second sentence) of offering evidence which would satisfy the receiving Office that the invitation was received more than seven days after the date it bears. In such a case the receiving Office would treat the one-month period starting from the date of the invitation as expiring later by an additional number of days equal to the number of days over and above seven days from the date of the invitation which

it took the invitation to reach you. Your time limit would therefore be extended by five days.

Even though the originals of the drawings are required, you are more likely to meet the time limit if you send them by fax, provided that the receiving Office accepts the filing of documents by fax (this information can be obtained from the *PCT Applicant's Guide*, Vol. I/A, Annex B). Note that the United States Patent and Trademark Office as receiving Office does not accept facsimile transmission of a number of documents, including drawings.

PCT FEE TABLES

The following Tables show the amounts and currencies of the main PCT fees which are payable to the receiving Offices (ROs) and the International Preliminary Examining Authorities (IPEAs) during the international phase under Chapter I (Tables I(a) and I(b)) and under Chapter II (Table II). Fees which are payable only in particular circumstances are not shown; nor are details of certain reductions and refunds which may be available; such information can be found in the *PCT Applicant's Guide*, Vol. I/B, Annexes C, D and E. Note that all amounts are subject to change due to variations in the fees themselves or fluctuations in exchange rates. The total amount of the basic fee and designation fee may be reduced by CHF 200 under certain circumstances where the request is prepared using the PCT-EASY software; see footnote 2 for details. A 75% reduction in the basic fee, the supplement per sheet over 30, the designation fee and the handling fee, as well as the transmittal fee payable to the International Bureau as receiving Office, is also available to applicants from certain States; see footnote 3 for details. (Note that if both the CHF 200 reduction and the 75% reduction are applicable, the 75% reduction is calculated *after* the CHF 200 reduction.) The key to the abbreviations used and the footnotes to the Fee Tables follow Table II.

1 Possibilité d'extension d'un brevet européen.

2 Ne peut être désigné qu'aux fins d'un brevet régional (suite à la fermeture de la "voie nationale" via le PCT).

Lorsqu'un État peut être désigné aux fins d'un brevet régional, le code à deux lettres correspondant au brevet régional concerné est indiqué entre parenthèses (AP = brevet ARIPO, EA = brevet eurasien, EP = brevet européen, OA = brevet OAPI).

Important:

Cette liste comporte tous les États qui ont adhéré au PCT à la date qui figure ci-dessus. Un État dont le nom est indiqué en **italique gras** a adhéré au PCT mais n'était pas encore lié par le PCT à la date de publication de la dernière version du formulaire de requête. Lorsqu'un État a adhéré au PCT mais n'est pas encore lié par le PCT, la date à laquelle il deviendra lié figure entre parenthèses; il ne peut être désigné dans des demandes internationales déposées avant cette date. Si le déposant souhaite désigner aux fins d'un brevet national, un État qui est lié par le PCT à la date à laquelle il dépose la demande internationale mais qui ne figure pas dans le formulaire de requête, il doit l'ajouter dans le cadre n° V dudit formulaire en cochant la case appropriée.

Il est recommandé aux déposants de toujours utiliser les dernières versions du formulaire de requête (PCT/RO/101) et du formulaire de demande d'examen préliminaire international (PCT/IPEA/401), dont il est publié des versions mises à jour, en règle générale, deux fois par an. Les dernières versions sont datées de janvier 2000. Ces formulaires sont reproduits aux annexes X et Y, respectivement, du volume I/B du *Guide du déposant du PCT* (mise à jour de janvier 2000); ils peuvent être imprimés à partir du site Internet de l'OMPI (format PDF) à l'adresse suivante: <http://wwwOMPI.int/fre/pct/forms/index.htm>, ou être obtenus auprès des offices récepteurs ou du Bureau international, ou, dans le cas du formulaire de demande d'examen préliminaire international, également auprès des administrations chargées de l'examen préliminaire international.

1 Erstreckung eines europäischen Patents möglich.

2 Kann nur für ein regionales Patent bestimmt werden (die nationale Route über den PCT-Weg ist geschlossen worden).

Kann ein Staat für ein regionales Patent bestimmt werden, so ist der Zweibuchstaben-Code für das entsprechende regionale Patent in Klammern angegeben (AP = ARIPO-Patent, EA = eurasisches Patent, EP = europäisches Patent, OA = OAPI-Patent).

Wichtig:

Diese Liste umfaßt alle Staaten, die dem PCT bis zu dem in der Überschrift genannten Datum beigetreten sind. Diejenigen Staaten, deren Namen **fett und kursiv** gedruckt sind, sind dem PCT beigetreten, waren jedoch am Tag der Herausgabe der letzten Fassung des Antragsformulars noch nicht durch den PCT gebunden. Ist ein Staat dem PCT beigetreten, aber noch nicht durch den PCT gebunden, so ist das Datum, ab dem dieser Staat durch den PCT gebunden sein wird, in Klammern angegeben; dieser Staat kann in internationalen Anmeldungen, die vor diesem Datum eingereicht werden, nicht bestimmt werden. Will der Anmelder einen Staat für ein nationales Patent bestimmen, der an dem Tag, an dem die internationale Anmeldung eingereicht wird, durch den PCT gebunden, aber nicht auf dem Antragsformular aufgeführt ist, so muß er diesen Staat in Feld Nr. V hinzufügen und das entsprechende Kästchen ankreuzen.

Anmelder sollten stets die letzte Fassung des Antragsformulars (PCT/RO/101) sowie des Formulars für den Antrag auf internationale vorläufige Prüfung (PCT/IPEA/401) benutzen. Neufassungen beider Formulare erscheinen üblicherweise zweimal im Jahr; die letzten Neufassungen tragen das Datum Januar 2000. Beide Formulare können von der Internet site der WIPO unter <http://www.wipo.int/eng/pct/forms/index.htm> (in PDF Format) ausgedruckt oder von den Anmeldeämtern, dem Internationalen Büro oder, hinsichtlich des Antrags auf vorläufige Prüfung, auch von der mit der internationalen vorläufigen Prüfung beauftragten Behörde bezogen werden.

1 Posible extensión de patente europea.

2 Puede ser designado solamente para una patente regional (ha sido cerrada la "vía nacional" por medio del PCT).

Cuando se puede designar un Estado para una patente regional, se indica entre paréntesis el código de dos letras respecto de la patente regional en cuestión (AP = patente ARIPO, EA = patente euroasiática, EP = patente europea, OA = patente OAPI).

Importante:

Esta lista incluye todos los Estados adheridos al PCT en la fecha indicada en el título. Los Estados indicados en **italicas negritas** se han adherido al PCT pero aún no estaban obligados por el PCT en la fecha de publicación de la última versión del formulario del petitorio. Cuando un Estado se haya adherido al PCT pero aún no esté obligado por el mismo, se indica entre paréntesis la fecha en la que quedará obligado; no podrá ser designado en solicitudes internacionales presentadas antes de esa fecha. Si el solicitante desea designar, a los fines de una patente nacional, a cualquier Estado que esté obligado por el PCT en la fecha de presentación de la solicitud internacional, pero que aún no esté relacionado en el formulario del petitorio, deberá añadirlo en el recuadro Nº V del formulario del petitorio y marcar las casillas correspondientes.

Se recomienda a los solicitantes siempre utilizar las versiones más recientes del formulario del petitorio (PCT/RO/101) y del formulario de la solicitud de examen preliminar internacional (PCT/IPEA/401), nuevas versiones de las cuales son normalmente publicadas dos veces al año. Las versiones más recientes son de enero de 2000. Se reproducen los formularios en los Anexos X e Y, respectivamente, del Volumen I/B de la *Guía del solicitante PCT* (actualización de enero de 2000); pueden imprimirse los formularios desde la página de acceso de la OMPI en Internet, disponibles en formato PDF en: <http://www.wipo.int/spa/pct/forms/index.htm>. Los formularios pueden obtenerse en las Oficinas receptoras o en la Oficina Internacional o, en cuanto al formulario de la solicitud de examen preliminar internacional, también en las Administraciones encargadas del examen preliminar internacional.

1 Extension of European patent possible.

2 May only be designated for a regional patent (the "national route" via the PCT has been closed).

Where a State can be designated for a regional patent, the two-letter code for the regional patent concerned is indicated in parentheses (AP = ARIPO patent, EA = Eurasian patent, EP = European patent, OA = OAPI patent).

Important:

This list includes all States that have adhered to the PCT by the date shown in the heading. Any State indicated in ***bold italics*** has adhered to the PCT but was not yet bound by the PCT on the date of issue of the latest version of the request form. Where any State has adhered to but is not yet bound by the PCT, the date on which it will become bound is shown in parentheses; it cannot be designated in international applications filed before that date. If the applicant wishes to designate, for the purposes of a national patent, any State which is bound by the PCT on the date on which the international application is filed but which is not listed in the request form, he must add it in Box No. V of the request form and mark the corresponding check-box.

Applicants should always use the latest versions of the request form (PCT/RO/101) and demand form (PCT/IPEA/401), updated versions of which are normally issued twice yearly. The latest versions are dated January 2000. The forms are reproduced in Annexes X and Y, respectively, in Vol. I/B of the *PCT Applicant's Guide* (January 2000 update), and can be printed from the WIPO Internet site, in PDF format, at: <http://www.wipo.int/eng/pct/forms/index.htm>, or obtained from receiving Offices or the International Bureau, or, in the case of the demand form, also from International Preliminary Examining Authorities.
