New PCT Contracting State

Namibia (country code: NA)

On 1 October 2003, Namibia deposited its instrument of accession to the PCT, and on 1 January 2004, will become bound by the PCT. Consequently, any international application filed on or after 1 January 2004 will automatically include the designation of Namibia. Also, because Namibia will be bound by Chapter II of the PCT, it will automatically be elected in any demand filed in respect of an international application filed on or after 1 January 2004. Furthermore, nationals and residents of Namibia will be entitled, as from 1 January 2004, to file international applications under the PCT. ■

Thirty-second Session of the PCT Assembly

A number of changes to the PCT Regulations and other changes affecting the PCT system were approved by the Assembly of the PCT Union during its thirty-second (14th ordinary) session which was held in Geneva from 22 September to 1 October 2003, as part of the meetings of the Assemblies of the Member States of WIPO. Documents which were prepared for the PCT Assembly, and which give detailed background information relating to the decisions that were taken, are available, and the report of the session will be available shortly on the PCT website, at:

www.wipo.int/pct/en/meetings/assemblies/index.htm

Some of the changes that were approved by the Assembly and other matters that were discussed during the meeting are outlined below:

1. Amendments to the PCT Regulations and the Schedule of Fees

The Assembly approved the proposed amendments to the Schedule of Fees (annexed to the PCT Regulations). Those amendments, which will enter into force on 1 January 2004, fixed the amount of the new flat-rate "international filing fee" (the introduction of which had been approved by the Assembly in October 2002), reduced the amount of the handling fee, made the 75% fee reduction more widely available to all applicants from least developed countries, and fixed a new scale of fee reductions for international applications filed in electronic form.

The amendments, which are outlined below, will generally apply to any international application, the international filing date of which is on or after 1 January 2004. Note, however, that the Schedule of Fees as worded before its amendment will continue to apply to any international application which is received by a receiving Office before 1 January 2004, but is accorded an international filing date that is on or after 1 January 2004, and that there is an exception to the above-mentioned applicability as far as the handling fee is concerned (see (b), below).

(a) New "international filing fee"

The international filing fee, which the Assembly agreed to fix at 1,400 Swiss francs, will replace the current basic and designation fees to give a more simplified fee structure. For information on the new designation system that will operate as from 1 January 2004, see *PCT Newsletter* No. 10/2002, page 4. Note that the fee for each sheet of the international application in excess of 30 will form part of the international filing fee and will remain at the same level (15 Swiss francs). For information on the applicability of the 75% fee reduction, see (c), below.

(b) New amount of the handling fee

The amount of the handling fee has been reduced from 233 Swiss francs to 200 Swiss francs. The new amount (which may, for certain applicants, be subject to the 75% reduction referred to in (c), below) is payable in

PCT Quiz

The claims in an international application may be amended under PCT Article 19:

- (a) at any time during the international phase until the date of completion of technical preparations for international publication (or until the expiration of two months from the date of receipt of the international search report, whichever occurs later);
- (b) at any time between the date of transmittal of the international search report and the date of completion of technical preparations for international publication (or the expiration of two months from the date of receipt of the international search report, whichever occurs later);
- (c) at any time between the date of receipt of the international search report and the expiration of the limit under PCT Article 22(1) for entry into the national phase.

Answer: (b). According to PCT Rule 46.1, amendments under PCT Article 19 can be filed up to two months from the date of transmittal of the international search report (ISR) to the applicant by the International Searching Authority, or 16 months from the priority date, whichever time limit expires later. However, any amendment which is received by the IB after the applicable time limit will be considered to have been received

by the IB on the last day of that time limit if it reaches it before technical preparations for international publication have been completed (usually 15 days before the date of publication). Note that if the ISR is issued late, the time limit of two months from the date of transmittal of the ISR may expire after the technical preparations for publication of the international application have been completed, in which case the amendments under Article 19 will be published under a revised version of the front page of the pamphlet.

As far as (a) is concerned, the time limit given in PCT Rule 46.1 is effective only after the condition outlined in PCT Article 19 has been met, namely that the applicant has “received the international search report;” any attempt to amend the claims before the applicant had received the international search report would not comply with PCT Article 19.

As far as (c) is concerned, the only amendments that can be made after the expiration of the time limit under PCT Rule 46.1, are:

- amendments under PCT Article 34(2)(b) before the International Preliminary Examining Authority (where the applicant has filed a demand for international preliminary examination)(see PCT Rule 66); or
- amendments during the national phase under PCT Article 28(1) before the designated Offices or PCT Article 41(1) before the elected Offices (see PCT Rules 52 or 78, as the case may be).

respect of any international application for which a demand for international preliminary examination is filed on or after 1 January 2004, regardless of whether the international filing date of the international application is before, on or after 1 January 2004.

(c) Wider applicability of the 75% fee reduction

The 75% fee reduction which is currently available to an applicant who is a natural person and who is a national of and resides in a State the per capita national income of which is below 3,000 US dollars (according to the average per capita national income figures used by the United Nations for determining its scale of assessments for the contributions payable for the years 1995, 1996 and 1997), will, as from 1 January 2004, be applicable to the new international filing fee and, as is currently the case, the handling fee. It will also be available, as from that date, to any applicant, **whether a natural person or not, who**

is a national of and resides in a State that is classed as a least developed country by the United Nations. This means that the 75% fee reduction will also be available in respect of international applications filed by universities, research institutions or companies from least developed countries, provided that, if there is more than one applicant, each applicant must either be a national of and reside in a least developed country or must be a natural person who fulfills the requirements outlined at the beginning of this paragraph (that is, must be a national of and reside in a State whose per capita national income is below 3,000 US dollars). The States that are currently classed as least developed countries by the United Nations are listed in the table on page 4.

(d) Fee reductions for requests or international applications filed in electronic form

The Assembly approved the establishment, as from 1 January 2004, of three levels of reduction in the amount of the new international

filings fee for international applications filed in electronic form, as follows:

- where the request is created using the PCT-EASY features that will be incorporated into the PCT-SAFE software (which is expected to be available as from 1 January 2004) and is presented as a computer print-out together with a diskette prepared using that software containing a copy of the data contained in the request and a copy of the abstract): 100 Swiss francs (instead of the current reduction of 200 Swiss francs);
- where the international application is filed in electronic form but the text of the description, claims and abstract is not in character coded format—for example, an international application filed in fully electronic form using the PCT-SAFE software and the description, claims and abstract are in PDF (portable document format): 200 Swiss francs;
- where the international application is filed in electronic form and the text of the description, claims and abstract is in character coded format—for example, an international application filed in fully electronic form using the PCT-SAFE software and the description, claims and abstract in the prescribed text based format—XML (extensible markup language) format: 300 Swiss francs.

(e) Amendments to the PCT Regulations

The Assembly also made a number of amendments to the PCT Regulations that will enter into force on 1 January 2004, following previously adopted major changes designed to streamline and rationalize the PCT system. Those amendments are annexed to the report of the session which will be available on the PCT website shortly at:

www.wipo.int/pct/en/meetings/assemblies/index.htm

The amendments that were adopted in October 2002 that will also enter into force on 1 January 2004 are available in the report of the session that took place in 2002, at the above-mentioned Internet address.

A consolidated version of the Patent Cooperation Treaty and Regulations (WIPO publication no. 274), including all the amendments that will enter into force on 1 January 2004, is under preparation and will be available in paper form and on the PCT website in the near future. An announcement will be made in the *PCT Newsletter* as soon as each of those versions becomes available.

2. PCT Reform

The Assembly approved proposals concerning the work program in connection with reform of

The Assembly also took note of the status reports on the IMPACT Project and the PCT-SAFE Project, which are also available at the above-mentioned Internet address. ■

Upcoming PCT Users' Meeting

WIPO is organizing, on 24 November 2003, a meeting for PCT users entitled: "PCT – At the Heart of Your Business Strategy." The meeting will be about the impact of the latest developments in the PCT system and on the possible improvements that could be implemented to better address PCT users' needs. The speakers will include patent practitioners from industrial property law firms and companies such as Philips, The Procter & Gamble Company, Eli Lilly, Sanofi-Synthélabo and Nokia.

The meeting will take place at the WIPO headquarters in Geneva and will be free of charge.

For further details, see the WIPO website at:

PCT Rule 51bis.1(e): Withdrawal of Notification of Incompatibility

Singapore

Further to its notification of incompatibility of PCT Rule 51bis.1(e) (concerning the furnishing of a translation of the priority document), as amended with effect from 1 March 2001, with its national law (see *PCT Newsletter* No. 02/2001, page 2), the Intellectual Property Office of Singapore (in its capacity as designated Office) has notified the International Bureau that it has withdrawn the said notification with effect from 1 August 2003. PCT Rule 51bis.1(e) therefore applies in respect of international applications filed on or after 1 August 2003 and in respect of international applications filed before that date, if the date by which the translation of the priority document is to be furnished for that application, in accordance with the Patents Rules in force immediately before 1 August 2003 (including such time limit extended therein), has not passed. ■

PCT Information Update

BZ Belize (fees; national chapter)

The amounts of the following national fees, payable to the Belize Intellectual Property Office as designated (or elected) Office, have been notified to the International Bureau:

for patent:

filing fee:	[no change]
annual fees for the first three years:	BZD 600

for utility model:

filing fee:	BZD 300
annual fees for the first three years:	BZD 600

Note that the national chapter for Belize has now been included in the Internet version of the *PCT Applicant's Guide*, at:

www.wipo.int/pct/guide/en/index.html

CA Canada (fees)

As from 1 December 2003, there will be a change in the equivalent amounts of the following fees payable in CAD to the Canadian Patent Office as receiving Office, as well as a

change in the equivalent amount in CAD of the PCT-EASY fee reduction:

basic fee, fee per sheet in excess of 30, designation fee and PCT-EASY fee reduction: see Table I(a) and footnotes

(Updating of *PCT Applicant's Guide*, Vol. I/B, Annex C (CA))

SG Singapore (special requirements)

The Intellectual Property Office of Singapore has notified changes affecting its special requirements as a designated (or elected) Office. The changes only affect the footnotes relating to the requirement of the verified translation of the priority document into English, as follows:

verified translation of priority document into English*^{**}

- * Must be furnished only upon request from the Registrar within two months from the date of the notice from the Registrar.
- ** Such a translation may be required where the validity of the priority claim is relevant to the determination of whether the invention concerned is patentable (see *PCT Gazette* No. 05/2001, page 2024).

(Updating of *PCT Applicant's Guide*, Vol. II/D, National Chapter, Summary (SG))

Language(s) accepted for the filing of requests: notification by receiving Offices under PCT Rule 12.1(c) (Bosnia and Herzegovina)

Under amended PCT Rule 12.1(c), which entered into force on 1 January 2003, the receiving Office of the following State has notified the International Bureau of the language which it is prepared to accept for the filing of requests, as follows:

BA Bosnia and
Herzegovina English

This updates the table published in *PCT Newsletter* No. 01/2003, on page 10, and *PCT Applicant's Guide*, Vol. I/B, Annex C (BA).

Search fee (European Patent Office)

As from 1 December 2003, there will be a change in the equivalent amount payable in CAD for an international search carried out by the European Patent Office, as indicated in Table I(b).

PCT Contracting States and Two-letter Codes

Updated French, German and Spanish versions of the list of PCT Contracting States and two-letter codes, including the notes thereto (printed on the last page of the *PCT Newsletter*) are included in this issue, on pages 17 to 19, respectively. ■

Access to Files at the EPO

It is recalled that according to PCT Rule 94.3, if the national law applicable by any elected Office allows access by third parties to the file of a national application, that Office may allow access to any documents relating to the international application, including any document pertaining to the international preliminary examination, contained in its file, to the same extent as provided by the national law for access to the file of a national application, but not before the international publication of the international application.

The EPO has made the following announcement in the *Official Journal of the EPO*, No. 7/2003, in respect of access to PCT files at the EPO:

"The EPO currently allows third parties access after completion of the International Preliminary Examination Report to all documents to the international preliminary examination, though not to documents clearly intended for internal use, on condition that the applicant has signalled his intention to enter the European phase before the EPO as elected office by performing at least one of the acts listed in Rule 107(1) EPC..."

"As from 1 February 2003 the last mentioned condition, that the applicant must have signalled his intention to enter the European phase, will no longer apply. Access to the file of the international preliminary examination (application filed as from 1 July 1998) will be afforded by the

EPO after publication of the international application *and* completion of the International Preliminary Examination Report. In all other respects the notice published in OJ EPO 5/1999, 329, remains valid.” ■

Online File Inspection at the EPO

On 18 June 2003, the European Patent Office (EPO) launched a free-of-charge online file inspection service. This followed a decision of the President of the EPO dated 6 June 2003, that “...the files relating to European patent applications and patents, and to international applications under the PCT for which the EPO acts as a designated or elected Office, shall be available under Article 128(4) EPC for online inspection...”

Online File Inspection provides users with direct access to all published European patent applications (including published international applications containing an “EP” designation) and patents that are stored in electronic form. Anyone may inspect the associated file online via *epoline®* at:

www.epoline.org/ofi.htm or
www.epoline.org/onlinefileinspection.htm

Files or parts thereof that are not scannable will be made available for inspection in their original form or as filed. Note that any form of file inspection other than online file inspection (for example, on paper, or on electronic storage media) will be subject to the payment of a fee.

For further information, see the *Official Journal of the EPO*, No. 7/2003, at:

Interruption in the US Postal Service

The United States Patent and Trademark Office (USPTO) has announced that, in view of the official closing of the Federal Government offices in the Washington, D.C. metropolitan area, including the USPTO, on 18 and 19 September 2003, the USPTO will consider those days a “Federal holiday within the District of Columbia” under 35 U.S.C. § 21 and 37 C.F.R. §§ 1.6, 1.7, 1.9, 2.2(d), 2.195, and 2.196. Any action or fee due on those days will be considered as timely for the purposes of, for ex-

ample, 35 U.S.C. §§ 119, 120, 133 and 151, if the action is taken, or the fee is paid, on the next succeeding business day on which the USPTO was open, that is, on 22 September 2003.

The USPTO has also announced that any paper or fee properly deposited in accordance with 37 C.F.R. § 1.10 or 2.198 with the Express Mail service of the United States Postal Service (USPS) on 18 and 19 September 2003 will be considered filed in the USPTO on its date of deposit in the Express Mail service of the USPS.

Developments in Patent Statistics

During the WIPO Conference on the Importance of Statistics on Patenting Trends Analysis and Projections, which took place in Geneva on 17 September 2003, WIPO pledged to boost its activities relating to patent statistics, and announced the development of a web portal for patent statistics with links to institutions with long-standing experience in generating information in this area.

The Conference, attended by some 200 specialists from 35 countries and designed to foster communication among policy makers, national and regional intellectual property offices, patent attorneys, statisticians and research institutions, sought to identify ways to more effectively use intellectual property statistics as indicators of technological development and economic growth.

The conference was followed by a two-day technical workshop on statistics in the patent field co-organized by WIPO and the Organisation for Economic and Co-operation Development (OECD), which brought together science and technology specialists and statisticians from 19 countries.

Further information on the conference and the workshop is given in WIPO press release (PR/2003/354), which is available on the WIPO website at:

Practical Advice

Applicability of new/amended Rules relating to the filing of demands and the new enhanced international search and preliminary examination procedure that will enter into force on 1 January 2004

Q: I have filed a number of international applications this year and intend to file demands for international preliminary examination in respect of most of those applications towards the end of this year or at the beginning of 2004. Before I do this, I would like to know whether the new or amended PCT Rules which will enter into force on 1 January 2004 and relate to the filing of demands and the new enhanced international search and preliminary examination procedure apply to international applications filed in 2003 in respect of which demands are filed on or after 1 January 2004, or whether they will only apply to international applications filed on or after 1 January 2004?

A: In general, the amendments to the PCT Regulations that will enter into force on 1 January 2004 will only apply to any international applications, the international filing dates of which are on or after 1 January 2004. This applies, in particular, to the following changes relating to the international preliminary examination procedure under PCT Chapter II:

1. Applicable where the international filing date is on or after 1 January 2004:

(a) The new enhanced international search and preliminary examination system and the new rules governing that system (see, in particular, new or amended PCT Rules: 43bis, 44.1, 44bis, 44ter, 54bis, 57.3, 57.6, 58bis.1, 59.3, 61.4, 62.1, 62bis.1, 63.1, 66.1bis, 66.2, 69, 70.15, 72.2bis, 72.3, 73.2 and 76.5): The new system, whereby a written opinion will be established by the International Searching Authority and subsequently “converted” by the International Bureau into an international preliminary report on patentability under Chapter I, will apply only to international applications filed on or after 1 January 2004; even if the search procedure has not yet started on 1 January 2004 in relation to an application filed before that date, the new system will not apply to that application.

(b) Rule 54bis “time limit for making a demand”: Under this new Rule, the demand may be filed at any time prior to the expiration of whichever of the following periods expires later:

- three months from the date of transmittal to the applicant of the international search report (or of the declaration referred to in PCT Article 17(2)(a) that no international search report will be established) and the written opinion by the International Searching Authority; or

- 22 months from the priority date.

Note, however, that where the 20-month time limit for entry into the national phase under Chapter I is still applicable in respect of at least one of the elected Offices, the time limit for entry into the national phase will only be extended to 30 months in respect of the Offices concerned if the demand is filed prior to the expiration of 19 months from the priority date.

It is recalled that in the case of international applications filed before 1 January 2004, there is no time limit for filing the demand (apart from the 19-month requirement outlined in the previous sentence).

(c) PCT Rule 57.3 “the handling fee: time limit for payment; amount payable”: The new time limit for payment of the handling fee is:

- one month from the date on which the demand was submitted (or one month from the date of receipt by the International Preliminary Examining Authority (IPEA) where the demand was transmitted to the IPEA under PCT Rule 59.3); or
- 22 months from the priority date, whichever expires later; or
- in the case where the IPEA wishes to start the international preliminary examination at the same time as the international search, the IPEA will invite the applicant to pay the handling fee within one month from the date of the invitation.

The amount of the handling fee will, in respect of international applications filed on or after 1 January 2004, be the amount applicable on the date of payment (under the currently applicable PCT Rule 57.3, the amount payable is the amount applicable on the date of submission to the IPEA or, where the demand was transmitted to the IPEA under PCT Rule 59.3, on the date of receipt by that IPEA)—see below for information about the new amount of the handling fee, which will be payable in respect of demands filed on or after 1 January 2004.

There are, however, a few exceptions to the general rule that the amendments to the PCT Regulations that will enter into force on 1 January 2004 will only apply to any international application the international filing date of which is on or after 1 January 2004: the following amendments to the PCT Regulations relating to the international preliminary examination procedure under PCT Chapter II will apply to any international application in respect of which a demand is filed on or after 1 January 2004, even if the international filing date of the application concerned is before that date.

2. Applicable where the demand is filed on or after 1 January 2004:

(a) PCT Rule 53.7 “election of States”: As from 1 January 2004, the filing of a demand will constitute the election of all PCT Contracting States which have been designated and are bound by Chapter II, and it will no longer be possible for the applicant to exclude any States that he does not wish to elect, or to make any later election of States (PCT Rule 56 “Later Elections” has been deleted with effect from that date). (Note, however, that it will still be possible, if the applicant wishes to do so, to withdraw specific elections by a separate notice of withdrawal under PCT Rule 90bis.4).

(b) PCT Rule 60.1 “certain defects in the demand”: In any demand filed on or after 1 January 2004, it will be sufficient, if there are two or more applicants, that the indications

about the applicant referred to in PCT Rule 4.5(a)(ii) (address of the applicant) and (iii) (nationality and residence of the applicant) be provided in respect of one of them who has the right according to PCT Rule 54.2 to file a demand. Likewise, for the purposes of PCT Rule 53.8, it will be sufficient, if there are two or more applicants, that the demand be signed by one of them.

(c) New amount of the handling fee: the amount of the handling fee will be 200 Swiss francs (instead of the 233 Swiss francs, the currently applicable amount), as a result of the decision of the PCT Assembly (see “Thirty-second Session of the PCT Assembly” on the cover page). The new amount will be applicable only where the demand is filed on or after 1 January 2004.

For further information on the new/amended rules that will enter into force on 1 January 2004, see document PCT/A/31/10, dated 1 October 2002 (which includes, in Annex VI, information on those rules which are not subject to the “normal” transitional arrangements (that is, that the amendments apply to international applications filed on or after 1 January 2004), and PCT/A/32/8, dated 1 October 2003—document PCT/A/31/10 is available, and document PCT/A/32/8 will be available on the PCT website shortly at:

PCT Fee Tables

The following Tables show the amounts and currencies of the main PCT fees which are payable to the receiving Offices (ROs) and the International Preliminary Examining Authorities (IPEAs) during the international phase under Chapter I (Tables I(a) and I(b)) and under Chapter II (Table II). Fees which are payable only in particular circumstances are not shown; nor are details of certain reductions and refunds which may be available; such information can be found in the *PCT Applicant's Guide*, Vol. I/B, Annexes C, D and E. Note that all amounts are subject to change due to variations in the fees themselves or fluctuations in exchange rates. The total amount of the basic fee and designation fee may be reduced by CHF 200 under certain circumstances where the request is prepared using the PCT-EASY software or where the international application is filed in electronic form, as prescribed; see footnotes 2 and 7 for details. A 75% reduction in the basic fee, the fee per sheet over 30, the designation fee and the handling fee, as well as an exemption from the transmittal fee payable to the International Bureau as receiving Office, is also available to applicants from certain States; see footnote 12 for details. (Note that if both the CHF 200 reduction and the 75% reduction are applicable, the 75% reduction is calculated *after* the CHF 200 reduction.) The footnotes to the Fee Tables follow Table II.

Footnotes to fee tables:

- 1 Payable to the receiving Office in the currency or one of the currencies prescribed by it.
- 2 The total amount of the basic fee and designation fee is reduced by 200 Swiss francs where: (a) the request is presented as a computer print-out prepared using the PCT-EASY software; (b) the request is filed together with a computer diskette, prepared using that software, containing a copy in electronic form of the data contained in the request and of the abstract; and (c) the PCT application is filed with a receiving Office which is prepared to accept the filing of PCT applications containing requests in PCT-EASY format together with PCT-EASY diskettes.
- 3 This fee is reduced by 75% where the applicant or, if there are two or more applicants, each applicant is a natural person and is a national of and resides in Albania, Algeria, Armenia, Azerbaijan, Belarus, Belize, Benin, Bosnia and Herzegovina, Botswana (from 30 October 2003), Brazil, Bulgaria, Burkina Faso, Cameroon, Central African Republic, Chad, China, Colombia, Congo, Costa Rica, Côte d'Ivoire, Croatia, Cuba, Czech Republic, Democratic People's Republic of Korea, Dominica, Ecuador, Egypt, Equatorial Guinea, Estonia, Gabon, Gambia, Georgia, Ghana, Grenada, Guinea, Guinea-Bissau, Hungary, India, Indonesia, Kazakhstan, Kenya, Kyrgyzstan, Latvia, Lesotho, Liberia, Lithuania, Madagascar, Malawi, Mali, Mauritania, Mexico, Mongolia, Morocco, Mozambique, Namibia (from 1 January 2004), Nicaragua, Niger, Papua New Guinea, Philippines, Poland, Republic of Moldova, Romania, Russian Federation, Saint Lucia, Saint Vincent and the Grenadines, Senegal, Serbia and Montenegro, Sierra Leone, Slovakia, South Africa, Sri Lanka, Sudan, Swaziland, Syrian Arab Republic, Tajikistan, The former Yugoslav Republic of Macedonia, Togo, Tunisia, Turkey, Turkmenistan, Uganda, Ukraine, United Republic of Tanzania, Uzbekistan, Viet Nam, Zambia or Zimbabwe. For further details, see PCT Newsletter No. 10/1995, cover page, No. 11/1995, page 6, and No. 05/1996, cover page.
- 4 Where the PCT application as filed contains a sequence listing part in computer readable form only, or both in that form and on paper, under Section 801 of the PCT *Administrative Instructions*, and where that application is filed with a receiving Office which is prepared to accept such filings, a fixed component of 400 times the fee per sheet over 30 is payable for the sequence listing part, irrespective of the actual length of that part (see Section 803(ii) of the *Administrative Instructions*).
- 5 The maximum number of designation fees payable is five.
- 6 The confirmation fee payable under PCT Rules 4.9(c) and 15.5 is 50% of the designation fee due (taking into account any applicable 75% reduction; see footnote 3).
- 7 The same amount of reduction of the basic and designation fee as indicated in footnote 2 applies where the international application is filed in electronic form in accordance with and to the extent provided for in Part 7 and Annex F of the *Administrative Instructions* and where the international application is filed with a receiving Office which has notified the International Bureau under Section 710 of the *Administrative Instructions* that it is prepared to receive international applications in electronic form—only the European Patent Office and the National Institute of Industrial Property (INPI) (France) have sent such a notification so far.
- 8 For the search fee payable to the receiving Office, consult the entry in Table I(b) for the competent International Searching Authority.
- 9 The amounts are not yet known or, where known, are subject to periodical revision. The Office or the agent should be consulted for the latest applicable schedule of fees.
- 10 This fee is reduced by 80% where the applicant is a natural person.
- 11 The first amount of the transmittal fee is applicable to individuals or entities employing less than 25 persons. The second amount is applicable to entities employing 25 persons or more.
- 12 This fee is not payable in respect of international applications filed by applicants fulfilling the conditions indicated in footnote 3.
- 13 The competent International Searching Authority(ies) for an international application filed with the International Bureau as receiving Office is (are) the Authority(ies) which would have been competent if the international application had been filed with the receiving Office of, or acting for, the Contracting State of which the applicant (or any of the applicants) is a resident or national. See also PCT Applicant's Guide, Vol. I/B, Annex C (IB).
- 14 The Japan Patent Office is competent only for international applications in Japanese.
- 15 Plus EUR 1 for the preparation of additional copies, for each page and each copy.
- 16 Plus 12.5% GST (Goods and Services Tax) for New Zealand residents.
- 17 The search fee payable to the EPO and the Spanish Patent and Trademark Office, as well as the preliminary examination fee payable to the EPO, are reduced by 75% where the applicant or, if there are two or more applicants, each applicant is a natural person and is a national of and resides in a State not party to the European Patent Convention, which fulfils the requirements for the corresponding reduction of certain PCT fees as specified in the Schedule of Fees annexed to the PCT Regulations, and in accordance with the decision of the EPO's Administrative Council of 11 October 2000, the text of which was included in PCT Newsletter No. 11/2000. The States concerned are those indicated in footnote 3, with the exception of Bulgaria, the Czech Republic, Estonia, Hungary, Romania, Slovakia and Turkey.
- 18 The applicant may, instead of paying the USD amount, pay the equivalent amount in RUR at the exchange rate applicable, on the date of payment, at the Central Bank of the Russian Federation, provided that, in the case of the search fee, the receiving Office accepts payment in RUR.
- 19 Payable when a corresponding prior US national application has been filed under 35 USC 111(a) and the basic filing fee for that US application has been paid.
- 20 Payable to the International Preliminary Examining Authority in the currency or one of the currencies prescribed by it.
- 21 Payable when the international search report was not issued by the Australian Patent Office.
- 22 Payable when the international search report was established by the Russian Patent Office.
- 23 In all cases where footnote 22 does not apply.
- 24 Payable when the international search was not carried out by the United States Patent and Trademark Office (USPTO) (provided that the USPTO is a competent International Preliminary Examining Authority in the particular case—see PCT Applicant's Guide, Vol. I/B, Annex C (US)).

1 Possibilité d'extension d'un brevet européen.

2 Ne peut être désigné qu'aux fins d'un brevet régional (suite à la fermeture de la "voie nationale" via le PCT).

Lorsqu'un État peut être désigné aux fins d'un brevet régional, le code à deux lettres correspondant au brevet régional concerné est indiqué entre parenthèses (AP = brevet ARIPO, EA = brevet eurasien, EP = brevet européen, OA = brevet OAPI).

Important:

Cette liste comporte tous les États qui ont adhéré au PCT à la date qui figure ci-dessus. Un État dont le nom est indiqué en **italique gras** a adhéré au PCT mais n'était pas encore lié par le PCT à la date de publication de la dernière version du formulaire de requête. Lorsqu'un État a adhéré au PCT mais n'est pas encore lié par le PCT, la date à laquelle il deviendra lié figure entre parenthèses; il ne peut être désigné dans des demandes internationales déposées avant cette date. Si le déposant souhaite désigner, aux fins d'un brevet national, un État qui est lié par le PCT à la date à laquelle il dépose la demande internationale mais qui ne figure pas dans le formulaire de requête, il doit l'ajouter dans le cadre n° V du formulaire en cochant la case appropriée.

Il est recommandé aux déposants de toujours utiliser les dernières versions du formulaire de requête (PCT/RO/101) et du formulaire de demande d'examen préliminaire international (PCT/IPEA/401), dont il est publié des versions mises à jour, en règle générale, deux fois par an. Les dernières versions sont datées de juillet 2003. Ces formulaires sont reproduits aux annexes X et Y, respectivement, du volume I/B du *Guide du déposant du PCT* (mise à jour de juillet 2003) et peuvent être imprimés à partir du site Internet de l'OMPI (formulaires prêts à être remplis en format PDF) à l'adresse suivante: wwwOMPI.int/pct/fr/forms/index.htm, ou être obtenus auprès des offices récepteurs ou du Bureau international, ou, dans le cas du formulaire de demande d'examen préliminaire international, également auprès des administrations chargées de l'examen préliminaire international.

1 Erstreckung eines europäischen Patents möglich.

2 Kann nur für ein regionales Patent bestimmt werden (die nationale Route über den PCT-Weg ist geschlossen worden).

Kann ein Staat für ein regionales Patent bestimmt werden, so ist der Zweibuchstaben-Code für das entsprechende regionale Patent in Klammern angegeben (AP = ARIPO-Patent, EA = eurasisches Patent, EP = europäisches Patent, OA = OAPI-Patent).

Wichtig:

Diese Liste umfaßt alle Staaten, die dem PCT bis zu dem in der Überschrift genannten Datum beigetreten sind. Diejenigen Staaten, deren Namen **fett und kursiv** gedruckt sind, sind dem PCT beigetreten, waren jedoch am Tag der Herausgabe der letzten Fassung des Antragsformulars noch nicht durch den PCT gebunden. Ist ein Staat dem PCT beigetreten, aber noch nicht durch den PCT gebunden, so ist das Datum, ab dem dieser Staat durch den PCT gebunden sein wird, in Klammern angegeben; dieser Staat kann in internationalen Anmeldungen, die vor diesem Datum eingereicht werden, nicht bestimmt werden. Will der Anmelder einen Staat für ein nationales Patent bestimmen, der an dem Tag, an dem die internationale Anmeldung eingereicht wird, durch den PCT gebunden, aber nicht auf dem Antragsformular aufgeführt ist, so muß er diesen Staat in Feld Nr. V hinzufügen und das entsprechende Kästchen ankreuzen.

Anmelder sollten stets die letzte Fassung des Antragsformulars (PCT/RO/101) sowie des Formulars für den Antrag auf internationale vorläufige Prüfung (PCT/IPEA/401) benutzen. Neufassungen beider Formulare erscheinen üblicherweise zweimal im Jahr; die letzten Neufassungen tragen das Datum Juli 2003. Beide Formulare können von der Internetseite der WIPO unter www.wipo.int/pct/de/forms/index.htm (in editierbarem PDF Format) ausgedruckt oder von den Anmeldeämtern, dem Internationalen Büro oder, hinsichtlich des Antrags auf internationale vorläufige Prüfung, auch von der mit der internationalen vorläufigen Prüfung beauftragten Behörde bezogen werden.

1 Posible extensión de patente europea.

2 Puede ser designado solamente para una patente regional (ha sido cerrada la "vía nacional" por medio del PCT).

Cuando se puede designar un Estado para una patente regional, se indica entre paréntesis el código de dos letras respecto de la patente regional en cuestión (AP = patente ARIPO, EA = patente euroasiática, EP = patente europea, OA = patente OAPI).

Importante:

Esta lista incluye todos los Estados adheridos al PCT en la fecha indicada en el título. Los Estados indicados en **cursiva negrilla** se han adherido al PCT pero aún no estaban obligados por el PCT en la fecha de publicación de la última versión del formulario del peticionario. Cuando un Estado se ha adherido al PCT pero aún no está obligado por el mismo, se indica entre paréntesis la fecha en la que quedará obligado; no podrá ser designado en solicitudes internacionales presentadas antes de esa fecha. Si el solicitante desea designar, para una patente nacional, a cualquier Estado que esté obligado por el PCT en la fecha de presentación de la solicitud internacional, pero que aún no esté relacionado en el formulario del peticionario, deberá añadirlo en el recuadro N° V del formulario del peticionario y marcar las casillas correspondientes.

Se recomienda a los solicitantes utilizar siempre las versiones más recientes del formulario del peticionario (PCT/RO/101) y del formulario de la solicitud de examen preliminar internacional (PCT/IPEA/401), de los que se publican nuevas versiones normalmente dos veces al año. Las versiones más recientes son de julio de 2003; se puede imprimir los formularios desde la página de acceso de la OMPI en Internet, disponibles para cumplimentar en formato PDF, en: www.wipo.int/pct/es/forms/index.htm. Se puede obtener los formularios en las Oficinas receptoras o en la Oficina Internacional o, en cuanto al formulario de la solicitud de examen preliminar internacional, también en las Administraciones encargadas del examen preliminar internacional.

1 Extension of European patent possible.

2 May only be designated for a regional patent (the "national route" via the PCT has been closed).

Where a State can be designated for a regional patent, the two-letter code for the regional patent concerned is indicated in parentheses (AP = ARIPO patent, EA = Eurasian patent, EP = European patent, OA = OAPI patent).

Important:

This list includes all States that have adhered to the PCT by the date shown in the heading. Any State indicated in ***bold italics*** has adhered to the PCT but was not yet bound by the PCT on the date of issue of the latest version of the request form. Where any State has adhered to but is not yet bound by the PCT, the date on which it will become bound is shown in parentheses; it cannot be designated in international applications filed before that date. If the applicant wishes to designate, for the purposes of a national patent, any State which is bound by the PCT on the date on which the international application is filed but which is not listed in the request form, he must add it in Box No. V of the request form and mark the corresponding check-box.

Applicants should always use the latest versions of the request form (PCT/RO/101) and demand form (PCT/IPEA/401), updated versions of which are normally issued twice yearly. The latest versions are dated July 2003. The forms are reproduced in Annexes X and Y, respectively, in Vol. I/B of the *PCT Applicant's Guide* (July 2003 update), and can be printed from the WIPO Internet site, in editable PDF format, at: <http://www.wipo.int/pct/en/forms/index.htm>, or obtained from receiving Offices or the International Bureau, or, in the case of the demand form, also from International Preliminary Examining Authorities.
