

ANNEX G

**DECISIONS OF THE AD HOC IPC REFORM WORKING GROUP
WITH REGARD TO SEPARATE INDEXING SCHEMES IN THE IPC**

The ad hoc IPC Reform Working Group made decisions on whether to abolish or to retain an indexing scheme taking into account, in particular, the statistics of the use of indexing schemes. In some cases, it also recommended additional actions such as conversion to a classification scheme. It should be recalled that all indexing schemes, to be abolished or to be retained, should be considered from the viewpoint as to whether it would be appropriate to convert them to classification schemes (see Guidelines for the Conversion of Existing IPC Indexing Schemes into Classification Schemes).
