

Copyright Technical Assistance and Capacity Building

■ Role of three divisions:

- CDD – developing countries
- CID – collective management
- CLD – treaty implementation and legislative assistance

■ Needs assessment

- Part of broader approach to IP strategy
- Tailored capacity building based on needs assessment of particular country

Legislative Assistance Example

- Member State demand driven
- Confidential on WIPO side
- Frequently tied to strategic plan including treaty membership
- Goal: advice based on informed Member State choices
- Process:
 - Receive request
 - Assessment – understand and agree on goals near beginning of process
 - Agree on parameters and timeline
 - Hold interim consultations
 - Provide draft advice
 - Communicate!
