

# WIPO Roundtable on Technical Assistance and Capacity Building

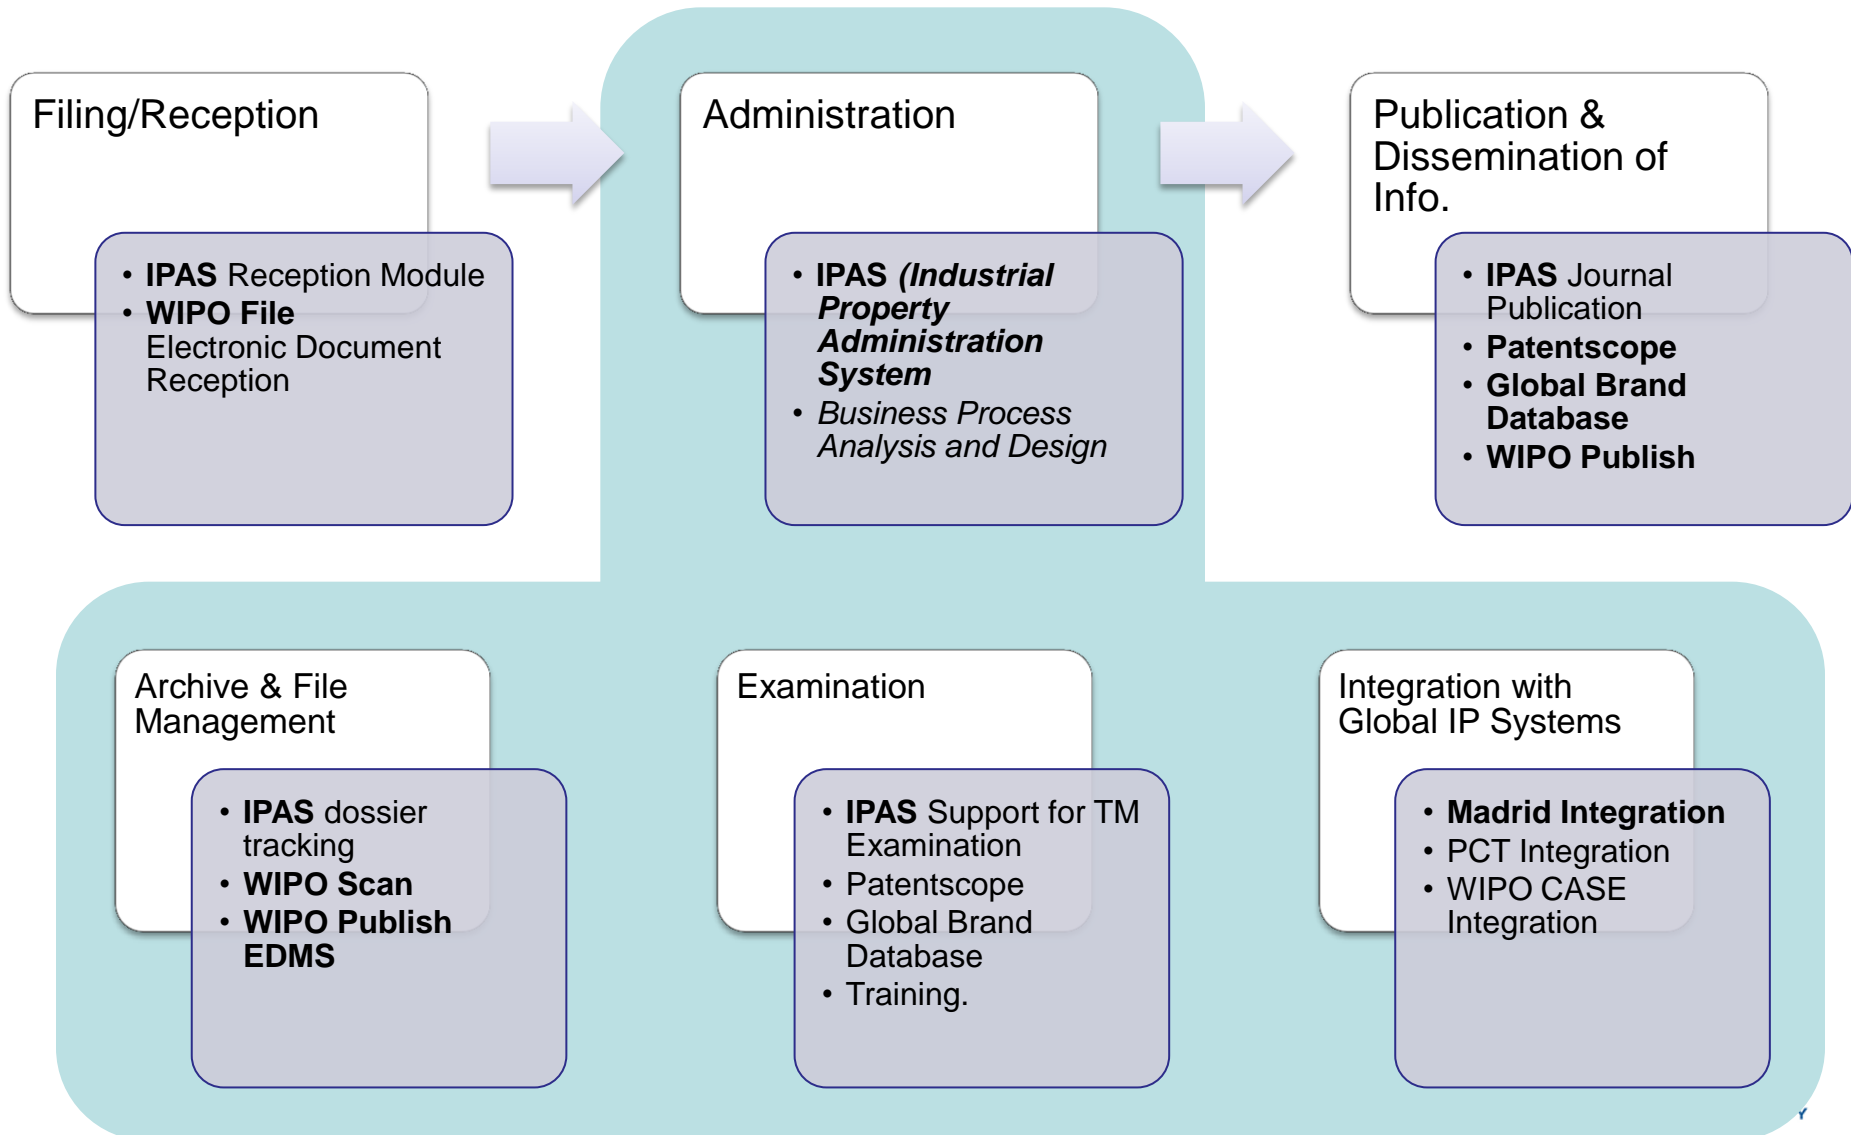

Needs Assessment in Program 15 – Business Solutions for IP Offices

Geneva, May 12, 2017

# IP Offices – the Context

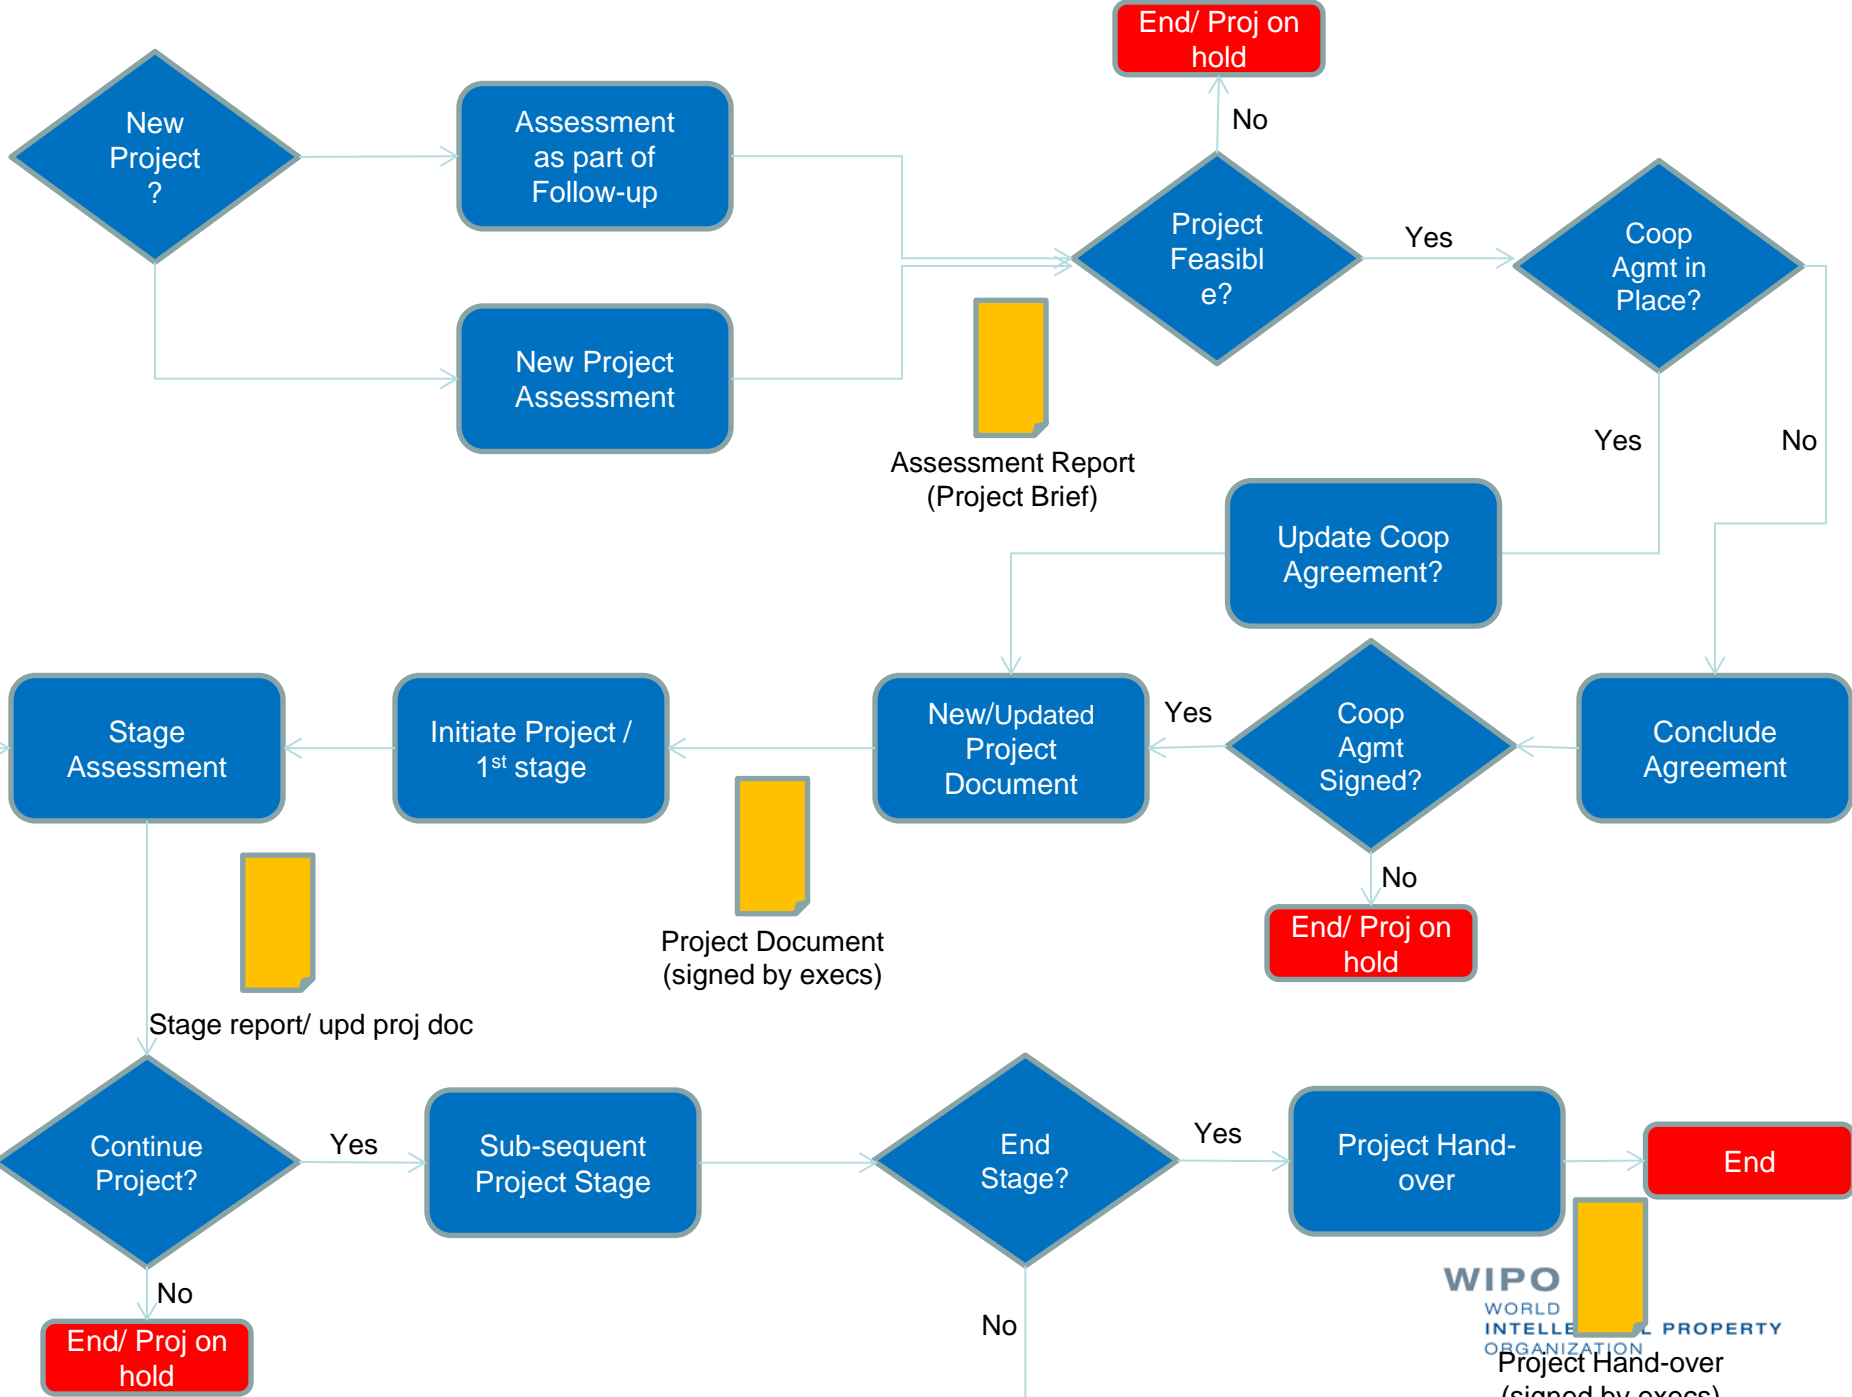

# WIPO's Support for IP Office Business Processes

# Challenges / Context

- Projects are collaborative and require commitment of skills and resources from WIPO and the IP office.
- Projects are complex, risky and resource-intensive.
- The relationship is ongoing – projects transition into long-term support.
  
- Emphasis on building capacity and training local IP office staff.
- Formalized Cooperation Agreement, project plans and work plans.

# Assessment Phase

## 1. Demand and Feasibility

- *Assess demand and needs (often before a formal request is made)*
- *Assess fundamental prerequisites*
- *Assess resources and constraints*
- *Outline strategies and approach*

## 2. Cooperation Agreement

- *Commitment of both parties*
- *Agreement on terms and conditions*

## 3. Project Initiation

- *Project Document – resource needs, roles & responsibilities, high-level plan, cost estimates, technical approach, etc.*
