Re: GLOBALPat

Madam,
Sir,

Preparations for an extension to the GLOBALPat project are currently being finalized with a view to the issue of a backfile update in March 2001, followed by a monthly issue of front-file CD-ROMs.

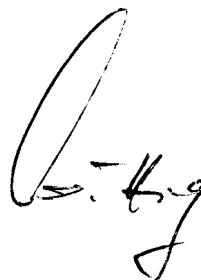

The World Intellectual Property Organization (WIPO) is participating with the European Patent Office (EPO) in the project by way of financing purchase of copies of the backfile update and a front-file subscription on behalf of WIPO Member States. Member States receiving support under this arrangement from WIPO will include those countries and organizations who received copies financed by WIPO in the earlier round of distribution of GLOBALPat CD-ROMs and countries/organizations who previously received free copies from the United States Patent and Trademark Office (USPTO) by virtue of exchange agreements with that Office (and are not EPO Member States). The full list of countries/organizations to be supported by WIPO is given in the Annex.

If your Office *is listed* in the Annex and you do not wish to receive further issues of GLOBALPat, or if your Office *is not listed* in the Annex and you consider that it should be, you are invited to notify the International Bureau accordingly.

Correspondence should be marked for the attention of Mr. William Guy and sent via email to scit.mail@wipo.int or by fax to (41 22) 734 6392 by January 13, 2001, at the latest.

Yours sincerely,
