C.SCIT 2433

Re: Revision of WIPO Standard ST.60

Dear **Mr. Wittig**,

With reference to the Circular C.SCIT 2459 the Hungarian Patent Office agrees with the proposal of the OHIM regarding the inclusion of a new INID code in WIPO Standard ST.60 under the category (500) for color marks.

This amendment is important, and our Office has already proposed (earlier, at the beginning of the nineties) a separate INID code for color marks, because the frequency of color marks in the international register is far greater than that of the holograms or sound marks.

Concerning the proposal we missed the detailed explanation of what is considered a "color mark per se". We suggest that the definition of it should be included in the "Explanatory Notes" of ST 60.

Typical color marks in practice - in our opinion - are: WO 644464, WO663040, WO664727, WO 679474, WO690863, WO697623 (see Annexes).

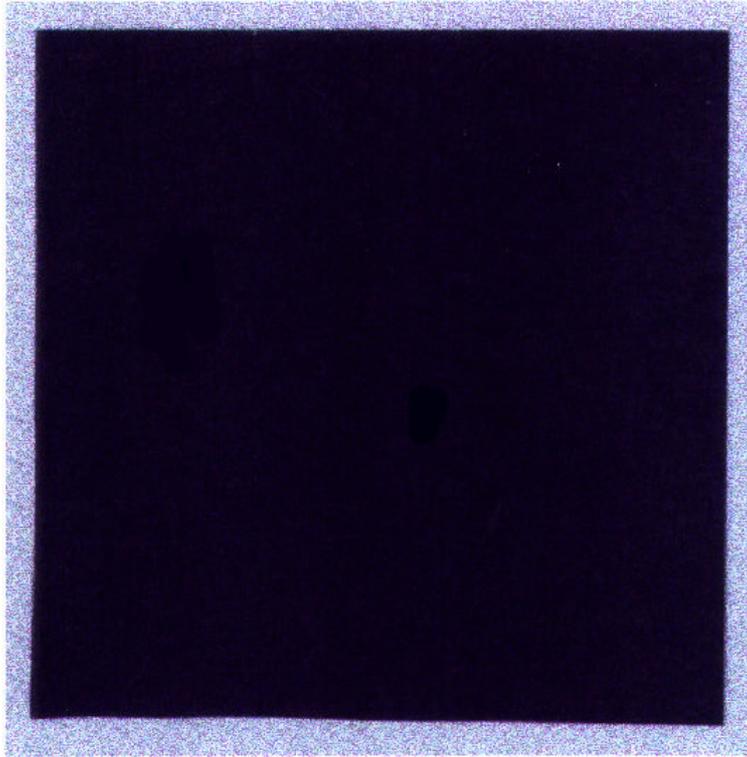

We include these examples to highlight the problem of the frequently claimed color marks.

Sincerely Yours,

Mr. Csaba Czinkóczy
Head of
Information Technology Department

2. The following 15 Offices supported the inclusion of the new INID code (558) in WIPO Standard ST.60: AM, AR, AT, AU, BG, CU, DE, GE, HU, KG, MD, RU, SE, SI and UA. Four Offices (LT, NO, PL and US) expressed in their replies that they had no comments on the proposed revision of WIPO Standard ST.60.
3. The DE Office suggested adding the wording “including characteristics” to the proposed definition of code (558).
4. The HU Office suggested including a definition of “color mark per se” in the Explanatory Notes of WIPO Standard ST.60.

CONCLUSIONS

5. No office expressed any objection to the inclusion of the new INID code (558) in WIPO Standard ST.60 as proposed by the Office for the Harmonization of the Internal Market (Trade Marks and Designs) (OHIM), and 15 offices supported the creation of a new code. Two Offices (see paragraphs 3 and 4, above) made additional proposals with respect to the revision of WIPO Standard ST.60.

6. The Standards and Documentation Working Group is invited to note the request by the OHIM, as well as the proposals given in paragraphs 3 and 4, above, and to consider the proposed revision of WIPO Standard ST.60.
