

Invention Note

WorkBook Supplement

School :

Name :

Think about and write down all uncomfortable things in life and what inventions you would like to make.

② Developing ideas 1

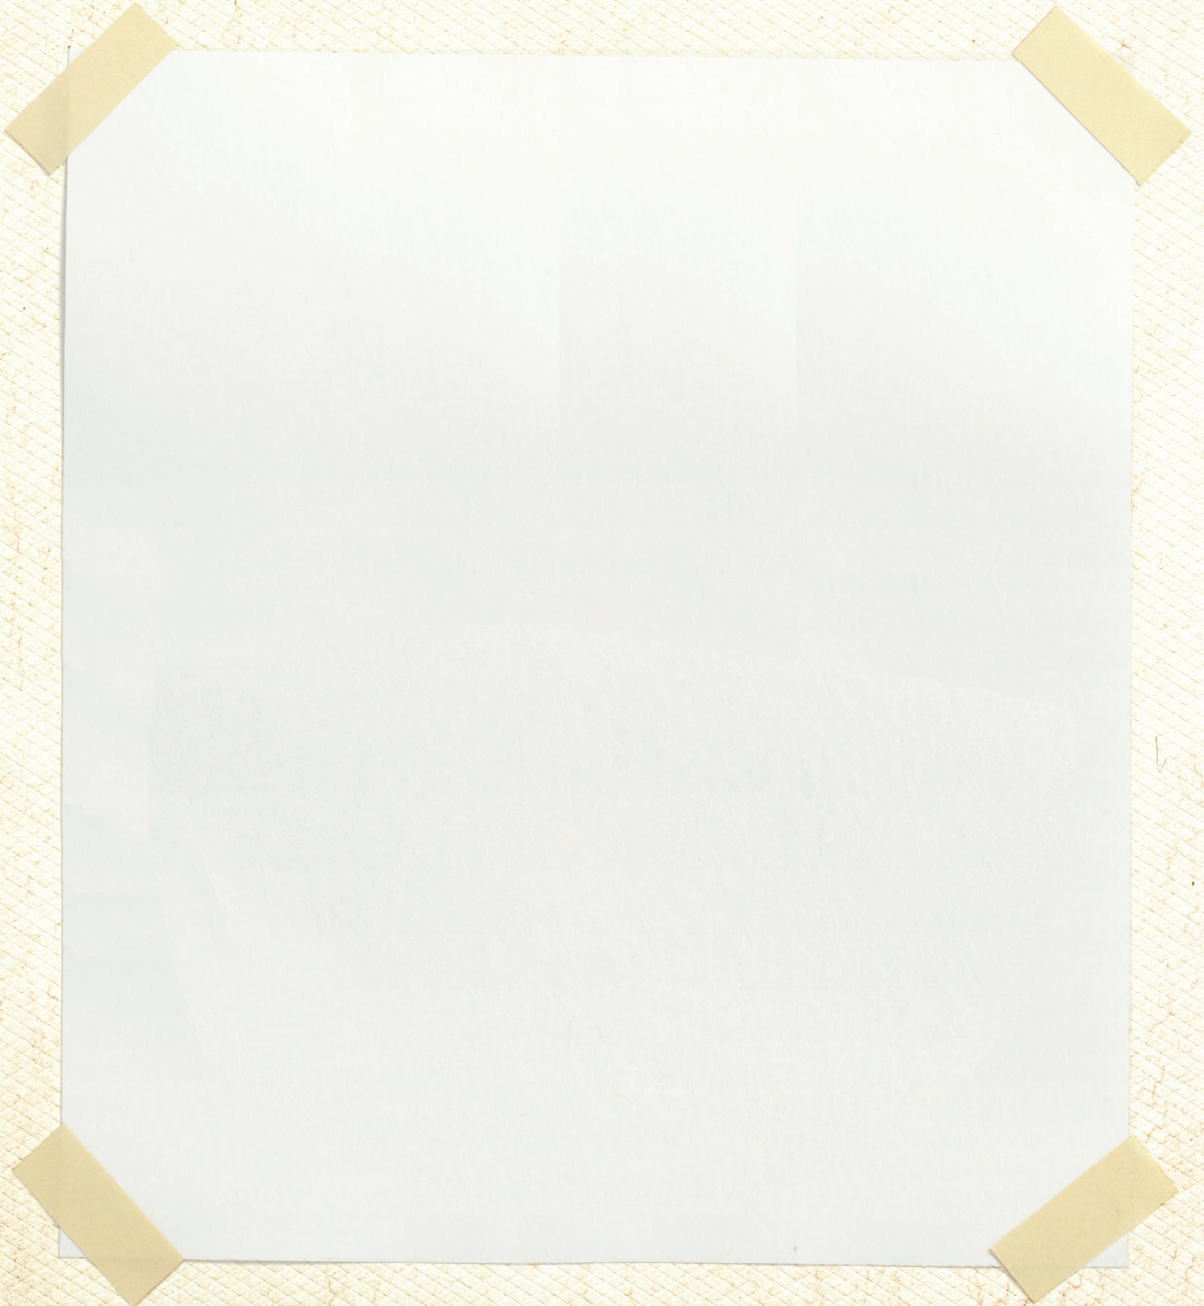

Choose one of the uncomfortable things that you wrote down, take a photograph of it and explain in detail how it makes you uncomfortable.

A large, blank white rectangular area, likely a workspace for writing or drawing, held in place by four yellow corner tabs.

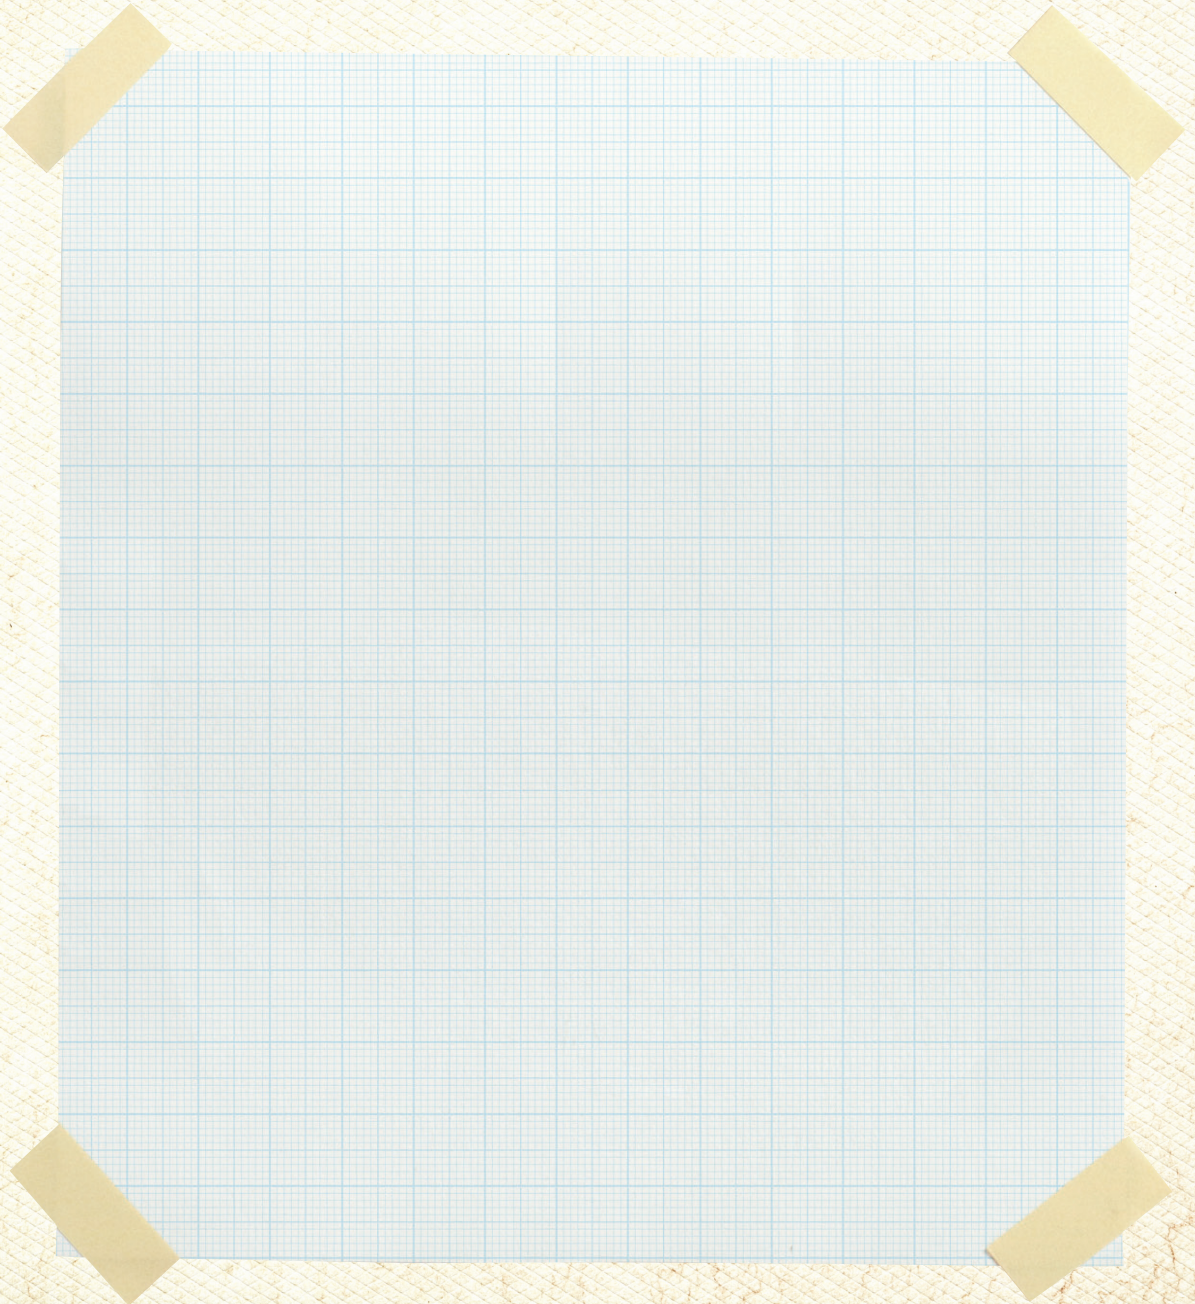

Freely express in drawings how the uncomfortable thing can be fixed.

④ Drawing a diagram

Now draw a diagram of the invention you would like to create.

5 Complete the invention note

Take a look at your diagram and give a name to the invention.

6 Complete the cartoon

Draw the process of making your invention note in a 4-cell comic.
