(iv) shorten the retention time for paper originals by Offices (Sections 705bis and 713).

The full text of the Administrative Instructions as in force since 1 January 2019 (PCT/AI/19) is available on the WIPO website at: www.wipo.int/pct/en/texts/pdf/ai.pdf.

– amendments were approved to Article 9 and Articles 11(1) and (2) relating to the process for entry into force of the agreement and subsequent amendments to the agreement other than those listed in Article 11(3).

These amendments entered into force on 28 December 2018. The full text of the new agreement was published in the Official Notices (PCT Gazette) of 10 January 2019, pages 5 to 13.

Agreement between the European Patent Office and the International Bureau of the World Intellectual Property Organization¹ – Amendment to Annex D

The European Patent Office (EPO) has notified the International Bureau, in accordance with Article 11(2) of the above-mentioned Agreement, of an amendment to Part II of Annex D thereof. This amendment, which will enter into force on 1 April 2019, consists of a change in the reference contained in the footnote of Part II of Annex D, paragraph 3, as follows: OJ EPO 2019, A5.

The effect of this amendment is to change the conditions relating to the refund of the search fee, where the EPO (acting as International Searching Authority) benefits from the results of an earlier search prepared by it on an application the priority of which is claimed in the international application. In particular, a full or partial refund of the international search fee paid for a pending international application is now applicable where the international search report is based on an earlier search made on behalf of the United Kingdom on a national application filed as of 1 July 2018.

ADMINISTRATIVE INSTRUCTIONS UNDER THE PCT: MODIFICATIONS TO APPENDIX I OF ANNEX F (STANDARD FOR THE ELECTRONIC FILING AND PROCESSING OF INTERNATIONAL APPLICATIONS)

NOTE PREPARED BY THE INTERNATIONAL BUREAU

Following consultation with interested Offices and Authorities, pursuant to PCT Rule 89.2(b) and in accordance with the procedures set out in section 2.5 of Annex F of the Administrative Instructions under the PCT, modifications to section 3.6 of Appendix I of Annex F are promulgated with effect from 1 April 2019.

These modifications involve changes to the Document Type Definitions (DTDs) for the PCT fee calculation sheet, the PCT fee calculation sheet (Chapter II), and the PCT Demand. The purpose of these modifications is:

- to enable automated reimbursement procedures at a Receiving Office, International Searching Authority and International Preliminary Examining Authority using reimbursement information provided at the time of filing an international application;
- to allow an applicant/agent the option to indicate a (different) deposit account for reimbursements, independent from the payment method indicated; and
- to indicate the expiry of the postponement of the start of the international preliminary examination.

Due to its highly technical content, the consolidated, revised text of Appendix I to Annex F of the Administrative Instructions is not reproduced here, but has been published as document PCT/AI/DTD/13 on the WIPO website at:

The publication Official Notices (PCT Gazette) is part of the Gazette published by the International Bureau of the World Intellectual Property Organization in accordance with Article 55(4) of the Patent Cooperation Treaty (PCT) and Rule 86 of the Regulations under the PCT.
MODIFICATIONS OF THE ADMINISTRATIVE INSTRUCTIONS UNDER THE PCT

NOTE PREPARED BY THE INTERNATIONAL BUREAU

Following consultation with Offices, Authorities, and certain non-governmental organizations representing users of the PCT system pursuant to PCT Rule 89.2(b), modifications to Section 507 of the Administrative Instructions under the PCT have been promulgated with effect from 1 July 2019.

The main purpose of these modifications is to:

(i) provide for the introduction of document category “D” in line with WIPO Standard ST.14; and

(ii) provide further guidance on the manner of indicating document categories in the international search report.

TEXT OF THE MODIFICATIONS OF THE ADMINISTRATIVE INSTRUCTIONS
(as in force from 1 July 2019)

Section 507
Manner of Indicating Certain Special Categories
of Documents Cited in the International Search Report

(a) Where any document cited in the international search report refers to an oral disclosure, use, exhibition, or other means referred to in Rule 33.1(b), the separate indication required by that Rule shall consist of the letter “O” placed next to the citation of the document. Category “O” shall be accompanied by one of the categories “X”, “Y” or “A”.

(b) Where any document cited in the international search report is a published application or patent as defined in Rule 33.1(c), the special mention required by that Rule shall consist of the letter "E" placed next to the citation of the document.

(c) Where any document cited in the international search report is not considered to be of particular relevance requiring the use of categories “X” and/or “Y” as provided in Section 505 but defines the general state of the art, it shall be indicated by the letter “A” placed next to the citation of the document.

(d) Where any document cited in the international search report is a document whose publication date occurred earlier than the international filing date of the international application, but later than the priority date claimed in that application, it shall be indicated by the letter “P” next to the citation of the document. Category “P” shall be accompanied by one of the categories “X”, “Y” or “A”.
(e) Where any document cited in the international search report is a document whose publication date occurred after the filing date or the priority date of the international application and is not in conflict with the said application, but is cited for the principle or theory underlying the invention, which may be useful for a better understanding of the invention, or is cited to show that the reasoning or the facts underlying the invention are incorrect, it shall be indicated by the letter “T” next to the citation of the document.

(e-bis) Where any document cited in the international search report is a document cited by the applicant in the international application, it shall be indicated by the letter “D” next to the citation of the document. Category “D” shall be accompanied by one of the categories indicating the relevance of the cited document.

(f) Where in the international search report any document is cited for reasons other than those referred to in paragraphs (a) to (e-bis), for example:

– a document which may throw doubt on a priority claim,
– a document cited to establish the publication date of another citation,

such document shall be indicated by the letter “L” next to the citation of the document and the reason for citing the document shall be given.

(g) Where a document is a member of a patent family, it shall, whenever feasible, be mentioned in the international search report in addition to the one cited belonging as well to this family and should be preceded by the sign ampersand (&). Members of a patent family may also be mentioned on a separate sheet, provided that the family to which they belong shall be clearly identified and that any text matter on that sheet, if not in the English language, shall also be furnished to the International Bureau in English translation.

(h) A document whose contents have not been verified by the search examiner but are believed to be substantially identical with those of another document which the search examiner has inspected, may be cited in the international search report in the manner indicated for patent family members in the first sentence of paragraph (g).
