**Subject:** WIPO Circular 8787

Dear International Bureau,

with reference to the WIPO Circular 8787 I would like to inform that the Finnish Patent and Registration Office has not any additional inputs for the research exception or for the confidentiality of communications between clients and their patent advisors.

However, I would like to update the information concerning our opposition system. I noticed that one of the grounds was missing from our reply to the WIPO Circular 7992. Under Section 25 of the Finnish Patents Act, one of the grounds for revocation is that the scope of protection was extended after the notice that the application can be accepted was given.

Yours sincerely,

**Marjo Aalto-Setälä**
